

Restaurant Pre-Opening Checklist

Having to switch between the management and the ownership of a restaurant is often a tedious and time-consuming task that many individuals would like to avoid or, if given the choice, forego. However, this task does not have to become so long as a checklist is provided. Not only will this help you know where to start, but it will also help you save time and effort and keep track of what has already been done, as well as what needs to be done next.

Pre-opening is an example of a checklist which you may utilize for businesses that will require a shift or change in management and/or ownership. You may include or omit any data as necessary.
