mom and dad didn't know how to answer about appliances for you. My goal is not to create a dry technical repair manual but rather something of a conversation that gives you the tools in the form of knowledge to understand the how and why these things work and eventually break. I've based most of this information on what I would look for when arriving at a client's home and assessing the situation. I've had these exact conversations thousands of times over these are the things I would have told you if I came to your home to fix something that has gone awry.
