Japan's Secret War Robert K. Wilcox, 2019-12-10 This groundbreaking investigation reveals how a secret atomic weapons program in WWII Japan led to today's North Korean security crisis Japan's Secret War explores one of the least known yet highly significant episodes of World War II Japan's frantic race to develop its own atomic bomb Journalist and historian Robert Wilcox then shows how Japan's efforts evolved into North Korea's nuclear program and the looming threat it

presents to mankind After decades of research into national intelligence archives in the US and abroad Wilcox presents a detailed account of Japan s version of the Manhattan Project He traces its development from inception to the possible detonation of a nuclear device in 1945 Wilcox weaves a fascinating portrait of the secret industrial complex where Japan s atomic research culminated And it is there that North Korea following the Japanese defeat salvaged what remained and fashioned its own nuclear program Japan s Secret War is still spellbinding It is intriguing and disturbing and Robert Wilcoxdeserves high praise for his meticulous research Historynet com **Ploughshares and Swords** Jayita Sarkar,2022-07-15 India s nuclear program is often misunderstood as an inward looking endeavor of secretive technocrats In Ploughshares and Swords Jayita Sarkar challenges this received wisdom narrating a global story of India s nuclear program during its first forty years The book foregrounds the program s civilian and military features by probing its close relationship with the space program Through nuclear and space technologies India s leaders served the technopolitical aims of economic modernity and the geopolitical goals of deterring adversaries The politically savvy transnationally connected scientists and engineers who steered the program obtained technologies materials and information through a variety of state and nonstate actors from Europe and North America including both superpowers They thus maneuvered around Cold War politics and the choke points of the nonproliferation regime Hyperdiversification increased choices for the leaders of the nuclear program but reduced democratic accountability at home The nuclear program became a consensus enforcing device in the name of the nation Ploughshares and Swords is a provocative new history with global implications It shows how geopolitical and technopolitical visions influence decisions about the nation after decolonization Thanks to generous funding from the Swiss National Science Foundation the ebook editions of this book are available as Open Access volumes from Cornell Open cornellpress.cornell.edu/cornell-open and other repositories **Oregon Historical Quarterly** Oregon Historical Society,2016 **Who's who Among Students in American Universities and Colleges** Henry Pettus Randall,1974
