Battling over Human Rights J. Oloka-Onyango, 2015-07-13 This book brings together twenty think pieces on contemporary Human Rights issues at the international regional and national level by one of Africa's foremost scholars of International Human Rights and Constitutional Law J Oloka Onyango Ranging from the Arab Spring to the Right to Education the collection is both an in depth analysis of discrete topics as well as a critical reflection on the state of human rights around the world today Taking up issues such as the African reaction to the International Criminal Court ICC the question of truth and reconciliation before the outbreak of post election violence in Kenya and the links between globalization and racism the book is a tour de force of issues that are both unique as well as pertinent to human rights struggles around the world

The Dilemmas of Neo-Liberal Reform at Makerere University, 1989-2005** Mahmood Mamdani, 2007 *Scholars in the Marketplace* is a case study of market based reforms at Uganda's Makerere University With the World Bank heralding neoliberal reform at Makerere as the model for the transformation of higher education in Africa it has implications for the whole continent At the global level the Makerere case exemplifies the fate of public universities in a market oriented and capital friendly era The Makerere reform began in the 1990s and was based on the premise that higher education is more of a private than a public good Instead of pitting the public against the private and the state against the market this book shifts the terms of the debate toward a third alternative than explores different relations between the two The book distinguishes between privatisation and commercialisation two processes that drove the Makerere reform It argues that whereas privatisation the entry of privately sponsored students is compatible with a public university where priorities are publicly set commercialisation financial and administrative autonomy for each faculty to design a market responsive curriculum inevitably leads to a market determination of priorities in a public university The book warns against commercialisation of public universities as the subversion of public institutions for private purposes **Public Administration in Israel and Abroad**, 1961 **The Proceedings of the First Chancellor College Research Dissemination Conference**, 2001 **The Development of Health Services and Society in Mainland Tanzania** Amon
