Thought Wilfrid Parsons, Francis Xavier Talbot, Gerald Groveland Walsh, 1983 *Inside Lenin's Government* Lara Douds, 2018-02-22 Lara Douds examines the practical functioning and internal political culture of the early Soviet government cabinet the Council of People's Commissars Sovnarkom under Lenin This study elucidates the process by which Sovnarkom's governmental decision making authority was transferred to Communist Party bodies in the early years of Soviet power and traces the day to day operation of the supreme state organ The book argues that Sovnarkom was the principal executive body of the early Soviet government until the Politburo gradually usurped this role during the Civil War Using a range of archival source material Lara Douds reinterprets early Soviet political history as a period where fledgling Soviet rather than simply Communist Party power was attempted but ultimately failed when pressures of Civil War and socio economic dislocation encouraged the centralising and authoritarian rather than democratic strand of Bolshevism to predominate *Inside Lenin's Government* explores the basic mechanics of governance by looking at the frequency of meetings

types of business discussed processes of decision making and the administrative backdrop as well as the key personalities of Sovnarkom It then considers the reasons behind the shift in executive power from state to party in this period which resulted in an abnormal situation where as Leon Trotsky commented in 1923 leadership by the party gives way to administration by its organs *The United States Space Force and the Future of American Space Policy* Jeremy Grunert,2022-10-17 The creation of the U S Space Force triggered an outpouring of responses ranging from ridicule and derision to applause and relief to fear and concern It also raised questions about the future of conflict in outer space Through an exploration of the legal context of military space activities the history of American military space policy and Great Power space interactions during and after the Cold War *The United States Space Force and the Future of American Space Policy* ultimately concludes that the U S Space Force is a natural outgrowth of American space policy but is no more likely to threaten space security than previous activity in the space domain *Observer* ,2002 **Social Democrats** Ken Coates,1983 **European Review of Social Psychology: Volume 26** Miles Hewstone,2017-10-23 The European Review of Social Psychology ERSP is an international open submission review journal published under the auspices of the European Association of Social Psychology It provides an outlet for substantial theory based reviews of empirical work addressing the full range of topics covered by the field of social psychology Potential authorship is international and papers are edited with the help of a distinguished international editorial board Articles published in ERSP typically review a programme of the author s own research as evidenced by the author s own papers published in leading peer reviewed journals The journal welcomes theoretical contributions that are underpinned by a substantial body of empirical research which locate the research programme within a wider body of published research in that area and provide an integration that is greater than the sum of the published articles ERSP also publishes conventional reviews and meta analyses All published review articles in this journal have undergone rigorous peer review based on initial screening and refereeing by the Editors and at least two independent expert referees **Iran, Hizbullah, Hamas and the Global Jihad** Dore Gold,2007 *The Management of Information Systems* Paul Gray,1989 *Motor Industry Management* ,1996-02 *Vision* ,1956 *John Burton's Workers' Compensation Monitor* ,1996 **Proceedings of the Topical Meeting on Safety of Operating Reactors** ,1995 **Official Records** ,1956 **Abstracts of Papers - American Chemical Society** American Chemical Society.
