| CATEGORY                           | 4                                                                                                                                                                                          | 3                                                                                                                                        | 2                                                                                                   | 1                                                                          |
|------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------|
| <b>Units</b>                       | All units are described (in a key or with labels) and are appropriately sized for the data set.                                                                                            | Most units are described (in a key or with labels) and are appropriately sized for the data set.                                         | All units are described (in a key or with labels) but are not appropriately sized for the data set. | Units are neither described NOR appropriately sized for the data set.      |
| <b>Neatness and Attractiveness</b> | Exceptionally well designed, neat, and attractive. Colors that go well together are used to make the graph more readable. A ruler and graph paper (or graphing computer program) are used. | Neat and relatively attractive. A ruler and graph paper (or graphing computer program) are used to make the graph more readable.         | Lines are neatly drawn but the graph appears quite plain.                                           | Appears messy and "thrown together" in a hurry. Lines are visibly crooked. |
| <b>Accuracy of Plot</b>            | All points are plotted correctly and are easy to see. A ruler is used to neatly connect the points or make the bars, if not using a computerized graphing program.                         | All points are plotted correctly and are easy to see.                                                                                    | All points are plotted correctly.                                                                   | Points are not plotted correctly OR extra points were included.            |
| <b>Type of Graph Chosen</b>        | Graph fits the data well and makes it easy to interpret.                                                                                                                                   | Graph is adequate and does not distort the data, but interpretation of the data is somewhat difficult.                                   | Graph distorts the data somewhat and interpretation of the data is somewhat difficult.              | Graph seriously distorts the data making interpretation almost impossible. |
| <b>Data Table</b>                  | Data in the table is well organized, accurate, and easy to read.                                                                                                                           | Data in the table is organized, accurate, and easy to read.                                                                              | Data in the table is accurate and easy to read.                                                     | Data in the table is not accurate and/or cannot be read.                   |
| <b>Title</b>                       | Title is creative and clearly relates to the problem being graphed (includes dependent and independent variable). It is printed at the top of the graph.                                   | Title clearly relates to the problem being graphed (includes dependent and independent variable) and is printed at the top of the graph. | A title is present at the top of the graph.                                                         | A title is not present.                                                    |
| <b>Labeling of X axis</b>          | The X axis has a clear, neat label that describes the units used for the independent variable (e.g., days, months, participants' names).                                                   | The X axis has a clear label that describes the units used for the independent variable.                                                 | The X axis has a label.                                                                             | The X axis is not labeled.                                                 |

|                           |                                                                                                                                            |                                                                                                                                      |                         |                            |
