Contemporary Issues and Research in Operations Management Gary Moynihan, 2018-06-20 Operations management OM is the function concerned with the planning design implementation and control of business operations in the production of goods and services OM has expanded from its original factory centric orientation to encompass the service industry and the respective accompanying supply chains with a broad global range of applications increasing reliance on quantitative analysis and the development and the use of supporting computer based information systems and technology This book highlights some critical aspects and advances in the field of operations management Topics covered include investigations in the area of sustainable supply chain management the application of OM principles to the deployment of field laboratories to address epidemics and novel approaches to applying operations management in response to increasingly diverse requirements circumstances and performance criteria Information Technology, Project Management & Organizational Efficiency Firend Al. R., This book starts with discussion on the nature of Information Technology and how it relates to modern organizational function Then a discussion on process design and methodology in project management to highlight the increasing importance of project based jobs in post COVID 19 world The discussion on the role of information technology is all about Organizational Efficiency In quest of the organization will remain to increase efficiency and effectiveness which is manifested in all actions taken strategies of any given public or private entity Therefore the intertwined functions of information technology the field of project management and organizational efficiency are inseparable Number of cases are presented in this book to provide real examples illustrating what companies do and how they must continuously search for approaches that increases productivity efficiency and effectiveness *Operations Management 4* David A. Collier, 2013 A student tested faculty approved approach to teaching and learning operations management demonstrate core concepts with company cases plus a full suite of instructor supplements Cover **The Little Book of Service Management** Harry Katzan Jr., 2022-03-09 Service is the up and coming discipline for the 22nd century But exactly what is service Many people think that service is what people do no more no less Nothing can be farther from the
