Beegel,1992 Some 25 Hemingway scholars critique Hemingway s works from the early apprentice fiction of 1919 stories Hemingway wrote dog **Hemingway's Art of Revision** John Beall,2024-05 In Hemingway s Art of Revision The Making of the Short Fiction John Beall examines in close detail two of the author s vignettes from the first version of In Our Time and ten of his short stories with an extensive focus on manuscripts and typescripts as part of a broader examination of how Ernest Hemingway crafted his distinctive prose through a rigorous process of revision The first three chapters discuss the influence of Hemingway s three most important modernist mentors Ezra Pound James Joyce and Gertrude Stein The first chapter focuses on Pound s influence as the editor of the Inquest Series of which Hemingway s In Our Time was the final publication The second chapter examines the affinities between Joyce s The Sisters and Hemingway s Indian Camp In particular Beall develops the case for Joyce s influence on Hemingway s decision to revise the story to maintain the reader s focus on young Nick Adams s point of view in his first encounter with death Chapter three explores Hemingway s revisions of Cat in the Rain as reflecting the influence of Stein s novellas and sketches as well as that of Joyce s stories and novels The remaining chapters delve into the artistry of Hemingway s extensive revisions in later masterpieces from Big Two Hearted River to Fathers and Sons Beall s discussion of Big Two Hearted River shows that Hemingway s revisions were not simply cuts and omissions but included several paragraphs that he added to slow down the narrative and represent Nick Adams s careful observations of a kingfisher and trout as he watched their shadows on the river The chapter on The Battler and The Killers explores the extent to which

Hemingway's revisions brought racial conflicts to the forefront of each story and portrayed Bugs and Sam as guides for Nick Adams. A subsequent reading of the story *Now I Lay Me* shows that in rewriting the story Hemingway developed his portrait of Nick Adams as a writer making up imaginary rivers to cope with the traumas of childhood and war. A chapter on *A Way You'll Never Be* focuses on how Hemingway's revisions developed crucial story elements including Nick's interior monologues, manic lecture about grasshoppers, and wacky sense of humor that showed the character restoring a sense of emotional balance despite his memories of being wounded in World War I. Subsequent chapters on *Fathers and Sons*, *Indian Camp*, *Hills Like White Elephants*, *The Gambler*, *the Nun*, and *the Radio* and the concluding chapter in part focused on drafts of *The Snows of Kilimanjaro* offer new discussions of the author's process of revision based on his manuscripts and typescripts published in the Hemingway Library Edition. In the end, by drawing attention to the meticulous edits, additions, and deletions that helped shape these texts, Beall reveals how extensively and richly Hemingway revised his drafts while composing some of his most powerful short fiction. Hemingway's *Art of Revision* gives a detailed view of a great prose stylist at work.

The Snowy Torrents Nick Logan, Dale Atkins, 1996 **Popular Science**, 1925-05 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better. Kosher USA Roger Horowitz, 2016-04-12 Kosher USA follows the fascinating journey of kosher food through the modern industrial food system. It recounts how iconic products such as Coca-Cola and Jell-O tried to become kosher, the contentious debates among rabbis over the incorporation of modern science into Jewish law, how Manischewitz wine became the first kosher product to win over non-Jewish consumers, principally African Americans, the techniques used by Orthodox rabbinical organizations to embed kosher requirements into food manufacturing, and the difficulties encountered by kosher meat and other kosher foods that fell outside the American culinary consensus. Kosher USA is filled with big personalities, rare archival finds, and surprising influences: the Atlanta rabbi Tobias Geffen who made Coke kosher, the lay chemist and kosher certification pioneer Abraham Goldstein, the kosher meat magnate Harry Kassel, and the animal rights advocate Temple Grandin, a strong supporter of shechita or Jewish slaughtering practice. By exploring the complex encounter between ancient religious principles and modern industrial methods, Kosher USA adds a significant chapter to the story of Judaism's interaction with non-Jewish cultures and the history of modern Jewish American life, as well as American foodways.
