The Media-Savvy Middle School Classroom Susan Brooks-Young, 2020-10-19 The Media Savvy Middle School Classroom is a practical guide for teachers of Grades 5-8 who want to help their students achieve mastery of media literacy skills. Today's fake news, alternative facts, and digital manipulations are compromising the critical thinking and well-being of middle-grade learners already going through significant personal changes. This actionable book prepares teachers to help their students become informed consumers of online resources. Spanning correct source use, personal versus expert opinions, deliberate disinformation, social media, and more, these ready-to-use activities can be integrated directly into existing language arts and mathematics lesson plans. **Resources in Education**, 1998 **Soil & Water Conservation News**, 1988 **A Parents' Guide to the Middle School Years** Joe Bruzese, 2011-05-18 OMG PAW G2G Oh my god, parents are watching! Got to go! Today's text messaging: middle schoolers may seem like a different species from how parents remember themselves as sixth, seventh, and eighth graders. Children are often forced to confront serious issues like drugs, violence, sexuality, and technology at an age that would have been unthinkable even a decade ago. So it's natural for parents to worry about these crucial years. Still, educator Joe Bruzese believes that this time can be full of positive transformation as your child gains independence and your parental role shifts from omnipresent manager to supportive coach. Timely topics include cyberbullying, depression, and choosing realistic and rewarding extracurricular activities. The middle school years can and should be a time of exciting change and opportunity. *A Parents Guide to the Middle School Years* presents what you need to know to survive and thrive as a family. *The High School Teacher*, 1925 *Engaging Minds in English Language Arts Classrooms* Mary Jo Fresch, 2014-02-05 How can we keep students attentive, thoughtful, and inquisitive about learning in language arts? It certainly takes more than new standards and assessments. In this book, Mary Jo Fresch shows how you can use the joyful learning framework introduced in *Engaging Minds in the Classroom* to better engage students in reading, writing, speaking, listening, and other elements of language arts learning. She provides innovative instructional approaches for diverse students at all grade levels, linking the strategies to the research that demonstrates the effects of motivation and engagement on student success. Educators striving to meet the multiple challenges of standards, assessments, ELL instruction, and achievement gaps have more reasons than ever before to attend to this critical aspect of learning. *Engaging Minds in English Language Arts Classrooms* will inspire you to make the kinds of changes in your classroom that will truly engage students' minds by helping them experience joy in learning. Mary Jo Fresch is a professor in the Department of Teaching and Learning at Ohio State University.
