Priorities, Faith, and the Spiritual Wendell Grainger,2023-02-09 What you have here are three topics of interest The first is about Christian prioritization It is a discourse of the two greatest commandments and how everything in a ChristianaEURtm s life relates Faith is the second topic Instead of wishy washy definitions leaving Christians with little sense of clarity this book assembles before the reader the concept of faith giving it concise definition and even visual aids The third part is for anyone who wants to know more about the spiritual reality around us with respect to Scripture It is very interesting **Why We Love Serial Killers** Scott Bonn,2014-10-28 For decades now serial killers have taken center stage in the news and entertainment media The coverage of real life murderers such as Ted Bundy and Jeffrey Dahmer has transformed them into ghoulish celebrities Similarly the popularity of fictional characters such as Hannibal The Cannibal Lecter or Dexter demonstrates just how eager the public is to be frightened by these human predators But why is this so Could it be that some of us have a gruesome fascination with serial killers for the same reasons we might morbidly stare at a catastrophic automobile accident Or it is something more In Why We Love Serial Killers criminology professor Dr Scott Bonn explores our powerful appetite for the macabre while also providing new and unique insights into the world of the serial killer including those he has gained from his correspondence with two of the world s most notorious examples David Berkowitz Son of Sam

and Dennis Rader Bind Torture Kill In addition Bonn examines the criminal profiling techniques used by law enforcement professionals to identify and apprehend serial predators he discusses the various behaviors such as the charisma of the sociopath that manifest themselves in serial killers and he explains how and why these killers often become popular cultural figures Groundbreaking in its approach Why We Love Serial Killers is a compelling look at how the media law enforcement agencies and public perception itself shapes and feeds the monsters in our midst
