Hospitality Marketing David Bowie, Francis Buttle, 2007-03-30 Hospitality Marketing an introduction takes a unique approach to outlining marketing processes in the hospitality industry. Ideal for those new to the topic of marketing, this text contextualises the subject for the hospitality sector. It discusses the eight elements of the marketing mix with direct reference to the specifics of the hospitality industry and approaches the whole process in three stages as would the hospitality marketing manager. BEFORE customers visit the hotel/restaurant the marketing task is to research the market, manage customer expectations and motivate trial purchase through product/service development, pricing, location, distribution and marketing communication. DURING the service encounter the task is to meet or exceed customer expectation by managing the physical evidence, service processes and employee behaviour. AFTER the service encounter the task is to audit quality and customer satisfaction and promote a longer term mutually beneficial relationship with customers through relationship marketing initiative. Hospitality Marketing is a complete learning resource with real life examples, case studies and exercises in the text plus an accompanying website which provides solutions to the exercises, further case studies and links to relevant sites to support both students and lecturers.
