Nation: Making English Music in the Festival of Britain Nathaniel G. Lew, 2016-07-01 Long remembered chiefly for its modernist exhibitions on the South Bank in London the 1951 Festival of Britain also showcased British artistic creativity in all its forms In Tonic to the Nation Nathaniel G Lew tells the story of the English classical music and opera composed and revived for the Festival and explores how these long overlooked components of the Festival helped define English music in the post war period Drawing on a wealth of archival material Lew looks closely at the work of the newly chartered Arts Council of Great Britain for whom the Festival of Britain provided the first chance to assert its authority over British culture The Arts Council devised many musical programs for the Festival including commissions of new concert works a vast London Season of almost 200 concerts highlighting seven centuries of English musical creativity and several schemes to commission and perform new operas These projects were not merely directed at bringing audiences to hear new and old national music but to share broader goals of framing the national repertory negotiating between the conflicting demands of conservative and progressive tastes and using music to forge new national definitions in a changed post war world **Event**

Management: For Tourism, Cultural, Business and Sporting Events Lynn Van der Wagen, Lauren White, 2018-04-01 Event Management specifically written for the Diploma of Event Management and Advanced Diploma of Event Management is a comprehensive resource for anyone wanting to build their expertise in professional event management This edition adopts a scaffold learning pedagogy helping students move through the material logically and efficiently while building on their understanding of tourism cultural business and sporting events Gaslight Jonathan Mingle, 2024-05-16 Imagine one day you receive a letter in the mail that informs you that a large energy company is planning to build a massive pipeline through your property That surveyors will be coming out soon That they have the legal right to do so whether you like it or not because this project is in the public interest because the pipeline will be carrying natural gas the so called bridge fuel that politicians on both sides of the aisle have been peddling for decades as the path to a clean green energy future This was the gist of the letter that Dominion Energy sent to thousands of residents living along the path of its proposed Atlantic Coast Pipeline in 2014 setting off an epic six year battle that eventually led all the way to the Supreme Court That struggle s epicenter was in the mountains of Virginia where communities stretching from the Blue Ridge foothills to the Shenandoah Valley and the Allegheny highlands became Dominion s staunchest foes On one side was an archetypal Goliath a power company that commands billions of dollars the votes of politicians and the decisions of the federal government On the other an army of Davids lawyers and farmers conservationists and conservatives scientists and nurses innkeepers and lobbyists families who farmed their land since before the Revolutionary War and those who were not allowed to until after the Civil War At stake was not only the future of the communities that lay in the pipeline s path but the future of American energy Would the public be swayed by the industry s decades long public relations campaign to frame natural gas a fossil fuel and itself a potent greenhouse gas as a solution to climate change Or would we recognize it as a methane bomb capable of not

only imperiling local property and upending people's lives but of pushing the planet further down the road towards climate chaos Vivid and suspenseful gut wrenching and insightful Gaslight is more than the chronicle of a turning point in American history It is essential reading for anyone who wants to understand the dark overlooked story of America's favorite fossil fuel and the immense future stakes of the energy choices we face today
