The Cambridge Bibliography of English Literature Frederick Wilse Bateson, 1940 **The Alchemical Mercurius** Mathew Mather, 2014-03-05 The figure of the alchemical Mercurius features ubiquitously and radically in Jung's later works but despite this there has been little research concerning Mercurius in Jungian studies to date In this book Mathew Mather explores the figure of the alchemical Mercurius and contextualises and clarifies its significance in Jung's life and works Placing the alchemical Mercurius as a central concern reveals a Jungian interpretation in which the grail legend alchemy and precessional astrology as three thematic threads converge In such a treatment Jung's belief in the dawning of a new platonic month emerges as a central consideration and an esoteric perspective on Jung's life and works is brought more fully to light constructing a life myth interpretation The book is comprised of three parts *Aurea Catena* locating the figure of the alchemical Mercurius within the Western esoteric tradition *Daimonic Encounter* the relevance of this figure in Jung's personal life *Magnum Opus* Jung's portrayal of this figure in key texts such as *Synchronicity* *Aion* *Mysterium Coniunctionis*

Writers' Handbook 2014 J. Paul Dyson, 2013-08-16 This indispensable guide for writers provides details of hundreds of literary agents, book publishers and magazines including contact details, types of material accepted and how to approach them. Subject indexes for each area provide easy access to the markets you need with specific lists for everything from romance publishers to poetry magazines to literary agents interested in thrillers. It also provides unparalleled access to international markets. The internet has made the publishing industry more global than ever with markets increasingly accepting submissions by email, some no longer accept postal submissions at all. Other directories have failed to respond to this, continuing to focus on one single country, but this directory provides you with that all-important access to overseas opportunities that are now just an email away. And by focusing exclusively on what's important to writers, contact details for literary agents, publishers and magazines, this directory is able to provide more listings at a lower price. There are no adverts, no advertorials and no unnecessary articles or obscure listings padding out hundreds of pages. Two established alternative directories both run to over 800 pages, yet one has only 204 pages of publisher, agent and magazine listings and the other has only 10 pages devoted to literary agent listings. This book does better on both counts and yet remains substantially cheaper than either alternative. The book also allows you to create a subscription to the firstwriter.com website for free until 2015. This means you can get free access to the firstwriter.com website where you can find even more listings and also benefit from other features such as advanced searches, daily email updates, feedback from users about the markets featured, saved searches, competitions, listings, searchable personal notes and more. **Waves Across the South** Sujit

Sivasundaram, 2021-05-07 Per the UK publisher William Collins's promotional copy: There is a quarter of this planet which is often forgotten in the histories that are told in the West. This quarter is an oceanic one pulsating with winds and waves, tides and coastlines, islands and beaches. The Indian and Pacific Oceans constitute that forgotten quarter brought together here for the first time in a sustained work of history. More specifically, Sivasundaram's aim in this book is to revisit the Age of Revolutions and Empire from the perspective of the Global South. *Waves Across the South* ranges from the Arabian Sea across the Indian Ocean to the Bay of Bengal and onward to the South Pacific and Australia's Tasman Sea. As the Western empires Dutch, French but especially British reached across these vast regions, echoes of the European revolutions rippled through them and encountered a host of indigenous political developments. Sivasundaram also opens the door to new and necessary conversations about environmental history in addition to the consequences of historical violence, the extraction of resources and the indigenous futures that Western imperialism cut short. *Lives of Wits and Humourists* John Timbs, 1862
