When Noel hires the marketing company where Lane is an intern, she's forced to see him again. If she wants to land her dream job as executive within the company, she has to win him over and secure his account. Too bad Noel is still pissed at her for breaking his heart. When Lane's company flies her to a Black Falcon concert to gain Noel's attention, emotions run high. The moment she sees him, she realizes she's far from over him. But Noel's countless trysts with groupies and his cocky attitude make Lane believe he isn't the same guy she once loved. Now he seems to only want her body. Then, after Lane discloses she needs him to procure a job, Noel proves he's a changed man by forcing her to go on the road with him in order to get it. After Lane reluctantly takes Noel up on his offer, she becomes willing to do whatever it takes to keep him satisfied, even if it means succumbing to his seductive ways. Lane soon finds deception is a dangerous game, and she's not the only one playing.
