James Joyce and Classical Modernism Leah Culligan Flack, 2020-02-06 James Joyce and Classical Modernism contends that the classical world animated Joyce's defiant innovative creativity and cannot be separated from what is now recognized as his modernist aesthetic. Responding to a long standing critical paradigm that has viewed the classical world as a means of granting a coherent order shape and meaning to Joyce's modernist innovations Leah Flack explores how and why Joyce's fiction deploys the classical as the language of the new. This study tracks Joyce's sensitive on going readings of classical literature from his earliest work at the turn of the twentieth century through to the appearance of *Ulysses* in 1922 the watershed year of high modernist writing. In these decades Joyce read ancient and modern literature alongside one another to develop what Flack calls his classical modernist aesthetic which treats the classical tradition as an ally to modernist innovation. This aesthetic first comes to full fruition in *Ulysses* which self consciously deploys the classical tradition to defend stylistic experimentation as a way to resist static paralyzing notions of the past. Analysing Joyce's work through his career from his early essays Flack ends by considering the rich afterlives of Joyce's classical modernist project with particular attention to contemporary works by Alison Bechdel and Maya Lang.

Shakespeare's Classical Mythology: A Dictionary Janice Valls-Russell, Katherine Heavey, 2024-10-17 Why does Bassanio compare himself to Jason? What is Hecuba to Hamlet? Is the mechanicals staging of the Pyramus and Thisbe story funny or sad? This dictionary elucidates Shakespeare's use of mythological references in an early modern context while bringing them to life for today's audiences and readers at a time of renewed critical interest in the reception of the classics and fascination with classical mythology in popular culture. It is also a precious tool for practitioners who may not always know quite what to make of mythological references. Mythological figures creatures places and stories crowd Shakespeare's plays and poems featuring as allusions poetic analogies inset shows scene settings and characters or plots in their own right. Most of these references were familiar to Shakespeare's spectators and readers who knew them from the writings of Ovid Virgil and other classical authors or indirectly through translations commentaries ballads and iconography. This dictionary illustrates how far from being isolated a mythological reference may resonate with the poetics of the text and its structure cast light on characters and contexts and may therefore be worth exploring onstage in a variety of ways. The 200 headings correspond to words and names actually used by Shakespeare individual figures Dido Venus Hercules categories Amazons Centaurs nymphs satyrs places Colchos Troy. Medium and longer entries also cover early modern usage and critical analysis in a cross disciplinary approach that includes reception textual performance gender and political studies.

Classical Reception Anastasia Bakogianni, Luis Unceta Gómez, 2024-07-22 In a time of acute crisis when our societies face a complex series of challenges race gender inclusivity changing pedagogical needs and a global pandemic we urgently need to re access the nature of our engagement with the Classical World. This edited collection argues that we need to discover new ways to draw on our discipline and the material it studies to engage in

meaningful ways with these new academic and societal challenges The chapters included in the collection interrogate the very processes of reception and continue the work of destabilising the concept of a pure source text or point of origin Our aim is to break through the boundaries that still divide our ancient texts and material culture from their reception and interpretive communities Our contributors engage with these questions theoretically and or through the close examination of cultural artefacts They problematise the concept of a Western elitist canon and actively push the geographical boundaries of reception as both a local and a global phenomenon Individually and cumulatively they actively engage with the question of how to marshal the classical past in our efforts to respond to the challenges of our mutable contemporary world

American Women and Classical Myths Gregory Allan Staley, 2009 American women in contrast to their European counterparts have long engaged with and critiqued the myths of antiquity *American Women and Classical Myths* is a collection of essays exploring the paradoxical attitudes that women in the U S have exhibited over a span of more than two centuries Contributors address two broad topics They examine the attempts of several influential American women including Margaret Fuller Edith Hamilton and Hilda Doolittle to interpret myth for an audience that distrusted it In addition they show how American women have reinterpreted myths about women such as Antigone Penelope or the Amazons to create identities appropriate to women in the New World Catalog of Copyright Entries, Third Series Library of Congress, Copyright Office, 1975 *MLA International Bibliography of Books and Articles on the Modern Languages and Literatures* Modern Language Association of America, 2003 Vols for 1969 include ACTFL annual bibliography of books and articles on pedagogy in foreign languages 1969 Billboard, 1983-01-15 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *The Advocate*, 2001-06-05 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States **Billboard**, 1995-07-29 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends The Billboard, 1926 **The Cambridge Companion to Margaret Atwood** Coral Ann Howells, 2021-04-01 The field of Margaret Atwood studies like her own work is in constant evolution This second edition of *The Cambridge Companion to Margaret Atwood* provides substantial reconceptualization of Atwood's writing in multiple genres that has spanned six decades with particular focus on developments since 2000 Exploring Atwood in our contemporary context this edition discusses the relationship between her Canadian identity and her role as an international literary celebrity and spokesperson on global issues ranging from environmentalism to women's rights to digital technology As well as providing novel insights into Atwood's recent dystopias and classic texts this edition

Landscape John Brinckerhoff Jackson, 1958 [Fantastic Creatures in Mythology and Folklore](#) Juliette Wood, 2018-08-23 Drawing on historical sources, myth and folklore, *Fantastic Creatures in Mythology and Folklore* explores the roles of fantastical beasts, particularly the unicorn, the mermaid and the dragon, in a series of thematic chapters organised according to their legendary dwelling place: be this land, sea or air. Through this original approach, Juliette Wood provides the first study of mythical beasts in history from the medieval period to the present day, providing new insights into the ways these creatures continue to define our constantly changing relationship to both real and imagined worlds. It places particular emphasis on the role of the internet, computer games and the cyberspace community, and in doing so demonstrates that the core medieval myth surrounding these creatures remains static within the ever-increasing arena of mass marketing and the internet. This is a vital resource for undergraduates studying fantastic creatures in history, literature and media studies.

Intergenerational Connections in Digital Families Sakari Taipale, 2019-01-30 This book provides a comprehensive review of how digital communication technology can help families network and communicate across generations despite differences in family composition, residential location, cultural values and orientations. Covering the full spectrum of intergenerational relations, including child to parent and parent to grandparent, it offers a positive view of the value of digital technology usage within families. The author focuses on three European countries: Finland, Italy and Slovenia, but also touches on other European countries and parts of the United States, revealing evidence that challenges ideas of universal adoption of information communication technology (ICT) and consistency in the social effects of such adoption in different regions and cultures. Further, the book discusses numerous other challenges and issues, such as the social transformations and technological developments that have made digital families possible, the resulting changes in family roles, responsibilities and practices, and the theoretical and conceptual implications of digital communication technology use in families. The author illustrates how ICT can facilitate family solidarity and how it helps to provide new ways of being together, and they discuss how social media, particularly instant messaging applications, helps develop affinity between family members better than traditional one-to-one personal communication tools. Combining highly nuanced material with fresh sociological thinking, it enhances readers' theoretical understanding of the meaning of the digital family, making it a powerful resource for graduate

and undergraduate students as well as academics Thanks to its structured format with easy to understand explanations it appeals to practitioners and researchers alike **Forthcoming Books** Rose Arny,1996-06 **The New Yorker** Harold Wallace Ross,William Shawn,Tina Brown,David Remnick,Katharine Sergeant Angell White,Rea Irvin,Roger Angell,2000
