Cumulated Index to the Books ,1928 **Pali Metre** A.K. Warder,2016-01-01 Pali Metre A Contribution to the History of Indian Literature The present work is a study of the problems presented by the metres in the Pali Canon seen in their historical setting as representing the Early Middle Indian phase in the development of Indian metrics During this phase which is regarded as corresponding to a turning point in the linguistic transition from Old Indian Vedic to Late Middle Indian Apabhramsa a number of new metres appeared and an entirely new technique of versification was developed differing in principle from the old Vedic technique The new technique was adopted alike for the Sanskrit and Prakrit literature of the following centuries and its understanding should lead to a better appreciation of that phase of Indian poetry too The attempt is made to collect and assess all previous contributions to the study of the ancient Indian metres and closely related subjects The interrelations between these connected fields have been sought leading to mutual elucidation of problems The language of the Pali Canon presents many difficulties which have to be investigated before we can tackle the problems of scansion whilst the linguistic and metrical trends constantly interacted The most significant feature of the new metres was their close connection with music the study of which has proved to be indispensable in our research on the history of Indian literature Pali Text Society Ancillary Works *Handbook of Pali Literature* Somapala Jayawardhana,1994 *The Cumulative Book Index* ,1930 *The Reference Catalogue of Current Literature* , The Best Books William Swan Sonnenschein,1931 Whitaker's Cumulative Book List ,1931 *Journal of the Department of Pali* ,2000 *The National Union Catalog, Pre-1956 Imprints* ,1978 **Arts & Humanities Citation Index** ,1988 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world s leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals Indological Studies Sachindra Kumar Maity,Upendra Thakur,1987 A galaxy of renowned scholars and orientologists from India and abroad have contributed twenty seven learned papers for this volume as a token of the high esteem in which they held the great Indologist and savant Professor D C Sircar These papers traverse a large variety of subjects in the different sub fields of Indology While the essay by A L Basham enhances our understanding of Asoka Romila Thapar s paper is a useful addition to our knowledge of the Mauryan period J S M Derrett s piece on a quotation from the Dhammapada gives an interesting analysis John C Huntington s study of a section of an early portable shrine from Gandhara is fascinating The evidence produced by H D Sankalia after his recent excavation at Pune he pushed back Indian Civilization to the Old Stone Age R C Gaur s pper gives a scintillating account of Mathura Govardhana region in its historical perspective Arabinda Ghosh gives a bird s eyeview of the architectural and artistic heritage of India S K Maity who had life long association with his teacher has painstakingly compiled an exhaustive bibliography of Professor D C Sircar s published books research papers and articles on epigraphy and palaeography **National Union Catalog** ,1970 Includes entries for maps and atlases **University of California Union**
