

Professional Safety

Allergy alert test must be done

- An Allergy Alert Test must be done 48 hours before each application of the colourant, as an allergy can develop suddenly, even though you have previously applied the colourant or another colourant on your client.
- Matrix and the L'Oréal Professional Product Division has designed a protocol which will enable you to manage your clients' colour experience and determine the need to carry out an Allergy Alert Test.

The protocol follows a 3-step consultation with your colour client, to accompany the application of a Matrix colourant.

Step 1: Professional consultation.

Step 2: How to carry out an Allergy Alert Test.

Step 3: How to carry out a colour application, refer to your professional safety booklet for more information.

How to carry out an Allergy Alert Test

1. First, remove earrings.
2. Then, behind the ear and using a cotton-bud, apply a little of the unmixed product sufficient to cover an area of 1 to 1.5 cm (eg. the size of a small coin).
3. Re-apply 2 or 3 times allowing it to dry between each application.
4. Leave for 48 hours without washing, covering or touching.

If during the course of this period you or your client notice any abnormal reactions such as intense reddening, itching or swelling in or around the test area, do not apply the colourant and recommend that your client seek medical advice before any further colour applications are made.

ATTENTION

Black Henna Tattoos

Check with your client, if your client has ever had, even once, a black henna-tattoo, your client may have become allergic without knowing it. Do not use the product, unless you have done the Allergy Alert Test 48hrs before use.

Do not use if:

- Your client is under 16 years of age.
- Your client has a rash on their face or sensitive, irritated and damaged scalp.
- Your client has ever experienced any reaction after colouring their hair.

Record the allergy alert test information on your client record card.

Read the product's leaflet & follow the instructions

- Wear suitable disposable gloves during the preparation, application and rinsing of the product.

- Use exclusively with the recommended systems.

- Use the proportions indicated.

- Respect the development time.

- Rinse hair well after application.

In case of a reaction

In case of a reaction during the application such as an intense stinging, irritation, rash or burning sensation on the scalp, rinse immediately and discontinue use. In case of shortness of breath, seek immediate medical attention. Before colouring the hair again, recommend that your client consults a doctor.

Special precautions

- Avoid contact of the product with skin and eyes. Do not use to colour eyebrows or eyelashes. To do so may cause blindness. Rinse eyes immediately if product comes into contact with them.
- If contact lenses are worn, they should be removed before rinsing the eyes thoroughly with water.

- Prepare and apply the colourant preferably in a well ventilated place.
- When a shaker is used, open immediately after mixing to avoid the shaker bursting and damage from the product overflowing.
- For all questions concerning the personal sensitivity of your client, recommend consultation with a doctor.

- Keep out of the reach of children.
- Not suitable for use on clients under 16 years of age.
- Do not use if hair has been coloured with henna or with a progressive colour.
- Do not use on a beard or moustache or for any other purpose than colouring the hair.

- Do not inhale or ingest.
- Wait at least 2 weeks after perming, relaxing or straightening the hair before applying the hair colourant.

Safety Manual For Beauty Salon Employees Introduction

In today's digital age, the availability of Safety Manual For Beauty Salon Employees books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Safety Manual For Beauty Salon Employees books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Safety Manual For Beauty Salon Employees books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Safety Manual For Beauty Salon Employees versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Safety Manual For Beauty Salon Employees books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Safety Manual For Beauty Salon Employees books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Safety Manual For Beauty Salon Employees books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital

copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Safety Manual For Beauty Salon Employees books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Safety Manual For Beauty Salon Employees books and manuals for download and embark on your journey of knowledge?
