'That's a lot of waste'

Hurffville Elementary green team focuses on protecting environment

By KATHY CHANG
The Sun

Therese Colligan called her Green Club group at the township's Hurffville Elementary this year "small but mighty."

"Each year, I have students write an essay to me on why they want to be in the Green Club," she relayed.

Once the group is formed, it takes on a project.

"This year, one of our members felt really passionate about recycling in our schools," Colligan said. "He noticed that we don't."

So the team of seven students set out to let everyone know about the importance of recycling. They presented their project at a recent council meeting, with a goal for the township to add the school district to its recycling pickup route.

The students shared that recycling is a process where many materials that would otherwise be thrown away can be manufactured into new products to cut down on what people throw away.

"There are approximately 1,000 students and over 1,600 employees in the Washington Township Schools," the group

noted. "If every person just discarded two items that could be recycled every day, how much

waste would that be?"

That's 11,600 people; multiply that with two pieces of

trash per day and you get 23,200 pieces of waste per day, approximately 696,000 pieces

of trash per month, a 6.26 million pieces of school year, according to group's project.

"That's a lot of waste," the team noted, adding that recycling helps to reduce for landfills or cost of disposal and recycling benefits the environment and animal health.

"Recycling is like a trick of turning old new stuff," the student emphasized. "Things like glass bottles, plastics, and metal can be placed in a material recycling facility, where they are transformed into a new bicycle or trash in the ocean."

Mayor Laurie Bus President, Anthony Council Vice President, Del Borrello III, as well as Richard Penn Brown Jr. and Jos Verkes III thanked the green team for their presentation "to making a better place for future generations to come."

The local officials are committed to making the team's goal the school district recycling pickup route
