Ottoman Sunnism Vefa Erginbas,2019-10-08 Addressing the contested nature of Ottoman Sunnism from the 14th to the early 20th century this book draws on diverse perspectives across the empire Closely reading intellectual social and mystical traditions within the empire it clarifies the possibilities that existed within Ottoman Sunnism presenting it as a complex nuanced and evolving concept The authors in this volume rescue Ottoman Sunnism from an increasingly bipolar definition that seeks to present the Ottomans as enshrining a clearly defined orthodoxy suppressing its contrasting heterodoxy Challenging established notions that have marked the existing literature the chapters contribute significantly not only to the ongoing debate on the Ottoman age of confessionalisation but also to the study of religion in the Ottoman context

Passionate Holiness Dennis O'Neill,2018-09-20 Archbishop Desmond Tutu of Cape Town once said with regard to South Africa s apartheid policy One of the ways of helping to destroy a people is to tell them that they don t have a history that they have no roots More recently he described homophobic discrimination as totally unacceptable and unjust as apartheid ever was Unfortunately it has been particularly difficult for some gay lesbian bisexual and transgender Christians to remain connected to identify with their own faith traditions because some of these traditions not only treat them as people of secondary status but also teach Christian history as though no people of same gender attraction or opposite gender identity had any noteworthy place in it and made no significant contributions at all to Christian tradition *Passionate Holiness* tries to remedy this situation by explaining why acquaintance with the stories of certain saints with whom gender minorities can identify can help them to connect with their own history and spiritual legacy and empower them to face a brighter future with a sense of optimism and inclusion
