REGENTS HIGH SCHOOL EXAMINATION

**PHYSICAL SETTING
EARTH SCIENCE**

Thursday, August 14, 2014 — 12:30 to 3:30 p.m., only

The possession or use of any communications device is strictly prohibited when taking this examination. If you have or use any communications device, no matter how briefly, your examination will be invalidated and no score will be calculated for you.

Use your knowledge of Earth science to answer all questions in this examination. Before you begin this examination, you must be provided with the *2011 Edition Reference Tables for Physical Setting/Earth Science*. You will need these reference tables to answer some of the questions.

You are to answer all questions in all parts of this examination. You may use scrap paper to work out the answers to the questions, but be sure to record your answers on your answer sheet and in your answer booklet. A separate answer sheet for Part A and Part B-1 has been provided to you. Follow the instructions from the proctor for completing the student information on your answer sheet. Record your answers to the Part A and Part B-1 multiple-choice questions on this separate answer sheet. Record your answers for the questions in Part B-2 and Part C in your separate answer booklet. Be sure to fill in the heading on the front of your answer booklet.

All answers in your answer booklet should be written in pen, except for graphs and drawings, which should be done in pencil.

When you have completed the examination, you must sign the declaration printed on your separate answer sheet, indicating that you had no unlawful knowledge of the questions or answers prior to the examination and that you have neither given nor received assistance in answering any of the questions during the examination. Your answer sheet and answer booklet cannot be accepted if you fail to sign this declaration.

Notice . . .

A four-function or scientific calculator and a copy of the *2011 Edition Reference Tables for Physical Setting/Earth Science* must be available for you to use while taking this examination.

DO NOT OPEN THIS EXAMINATION BOOKLET UNTIL THE SIGNAL IS GIVEN.

Nys Regents August 2015 Earth Science:

Leadership of Afterschool and Supplemental Education Hazel M. Carter, 2022-07-22 This book explores the design and implementation of effective supplementary education programs that best prepare students for post secondary life Drawing from research and best practice in the fields of supplementary and afterschool education youth development and school college community partnerships this book outlines a balanced approach to viewing supplementary education and community based programs which when designed alongside classroom learning can meet the needs of underserved youth This book challenges aspiring educational leaders to confront the traditional approach to curriculum as the sole purview of the classroom and instead positions supplementary education as a tool to improve schools and student success Chapters discuss designing implementing and sustaining supplementary education programs that positively impact the social emotional and academic development of secondary school students as well as effective strategies for developing stronger connections with the community This text is designed for use in graduate preparation programs in educational leadership and includes pedagogical features such as learning objectives reflective exercises portfolio building activities and alignment to educational leadership standards

Activism and the Fossil Fuel Industry Andrew Cheon, Johannes Urpelainen, 2018-02-06 In less than a decade activism against the fossil fuel industry has exploded across the globe While environmentalists used to focus on legislative goals such as carbon emissions trading or renewable energy policies today the most prominent activists directly attack the fossil fuel industry This timely book offers a comprehensive evaluation of different types of activism the success and impact of campaigns and activities and suggestions as to ways forward This book is the first systematic treatment of the anti fossil fuel movement in the United States An accessible and readable text it is an essential reference for scholars policymakers activists and citizens interested in climate change fossil fuels and environmental sustainability The entire book or chapters from it can be used as required or supplementary material in various courses at the undergraduate and graduate level As the book is not technically challenging but contains a comprehensive review of climate change fossil fuels and the literature on environmental activism it can be used as an accessible introduction to the anti fossil fuel campaign across disciplines
