

Using More Than One Bluetooth Phone

Pantronix Discovery 975 supports **multipoint technology**, which allows you to use one earpiece with two different Bluetooth mobile phones.

How to Turn the Multipoint Feature On and Off

To use more than one phone, you must turn the multipoint feature on. When this feature is off, your earpiece can connect to only one Bluetooth phone.

- 1 With your earpiece turned off, press and hold the volume and call control buttons simultaneously until earpiece turns on and indicator flashes white 2 times.
- 2 To pair earpiece to a second phone, see "Pairing Your Earpiece" on page 7.

How to Initiate a Call

The earpiece initiates or redials a call on the phone that most recently made an outgoing call. To use the second phone, initiate the call using the controls on the second phone.

How to Answer a Call While Talking on the Other Phone

To answer the second call, the first call must be terminated or placed on hold using the phone, if your phone has a hold feature.

- 1 Tap the call control button once to hang up the existing call.
- 2 Tap the call control button again to answer the new call from the other phone.
