The largest section of the volume focuses on the crises that have affected ancient, medieval and modern literary myths from a global perspective taking into account psychology, ethics, politics and contemporary meta literature. The final section examines the crisis experienced by those myths which permeate the material world investigating historical and fictitious characters, mythologized places and languages. The volume is a remarkable collection of 30 texts that were selected from 300 proposals by prestigious researchers from over 30 countries during the 3rd International Conference of Myth Criticism held in Madrid in October 2014.
