KOLB SERIES IN FINANCE

Essential Perspectives

Robert W Kolb Book

John R. S. Fraser, Betty Simkins

Robert W Kolb Book:

Financial Derivatives Rob Quail, James A. Overdahl, 2009-10-15 Essential insights on the various aspects of financial derivatives If you want to understand derivatives without getting bogged down by the mathematics surrounding their pricing and valuation *Financial Derivatives* is the book for you Through in depth insights gleaned from years of financial experience Robert Kolb and James Overdahl clearly explain what derivatives are and how you can prudently use them within the context of your underlying business activities *Financial Derivatives* introduces you to the wide range of markets for financial derivatives This invaluable guide offers a broad overview of the different types of derivatives futures options swaps and structured products while focusing on the principles that determine market prices This comprehensive resource also provides a thorough introduction to financial derivatives and their importance to risk management in a corporate setting Filled with helpful tables and charts *Financial Derivatives* offers a wealth of knowledge on futures options swaps financial engineering and structured products Discusses what derivatives are and how you can prudently implement them within the context of your underlying business activities Provides thorough coverage of financial derivatives and their role in risk management Explores financial derivatives without getting bogged down by the mathematics surrounding their pricing and valuation This informative guide will help you unlock the incredible potential of financial derivatives

Financial Derivatives Robert Kolb, 1996-08-13 *Financial Derivatives* provides a thorough introduction to financial derivatives designed to supplement a wide range of university finance and economics courses The text has two principle goals First it offers a broad overview of the different types of financial derivatives futures options options on futures and swaps while focusing on the principles that determine market prices Second the text presents financial derivatives as tools for risk management in a corporate setting rather than as instruments of speculation This approach is consistent with the emergence of financial institutions and corporations as dominant forces in markets for financial derivatives A new chapter 6 Risk Management and Financial Engineering reflects the maturation of financial engineering as a financial speciality and illustrates how financial engineers use derivatives to manage risk

Corporate Finance Reader Robert W. Kolb, 1995-06-15 The *Corporate Finance Reader* for the second edition has been expanded by more than 20 percent It contains current articles focusing on major corporate financing innovations and perennial issues such as mergers debt capital structure and corporate financing innovations and the investor Each article was chosen to add interest and immediacy to undergraduate or MBA financial management classes

Financial Derivatives Rob Quail, James A. Overdahl, 2003-03-20 *Financial Derivatives* Jetzt neu in der 3 komplett bearbeiteten Auflage Dieses umfassende Nachschlagewerk bietet eine gründliche Einführung in das Thema Finanzderivate und ihre Bedeutung für das Risikomanagement im Unternehmensumfeld Es vermittelt fundierte Kenntnisse zum Thema Finanzderivate und zwar mit einem verständlich gehaltenen Minimum an Finanzmathematik was Preisbildung und Bewertung angeht Mit einer breitgefächerten Übersicht über die verschiedenen Arten von Finanzderivaten Mit neuem Material zu

Kreditderivaten und zur Kreditrisikobewertung bei Derivaten Mit neuen und ausführlicheren Informationen zu den Themen Finanztechnik und strukturierte Finanzprodukte Financial Derivatives Ein unverzichtbarer Ratgeber für alle Finanzexperten im Bereich Risikomanagement

Futures, Options and Swaps Robert W. Kolb, 2003-01-17 Written in a clear conversational style the fourth edition of the classic Futures Options and Swaps provides the most comprehensive coverage of derivatives currently available This book is renowned for providing an excellent balance between introductory and advanced topics Extensively updated Includes additional application exercises Reflects new trends and changes which represent an evolution away from the Chicago markets Additional new material on risk included Features accompanying website www.blackwellpublishing.com/kolb

Predictable and Avoidable Ivo Pezzuto, 2016-04-08 Much has been said and written about the financial tsunami and subsequent economic dislocation that occurred in the opening decade of the 21st Century Professor Ivo Pezzuto is described by business scholars as an expert on the global financial crisis He has lectured about it at conferences and seminars written some of the most read and quoted papers contributed to what is considered the most authoritative book on the subject and to one of the best known US based blogs dealing with it In Predictable and Avoidable Dr Pezzuto offers business school students academics and industry experts in the fields of finance risk management audit corporate governance economics and regulation a truly independent and unbiased analysis of the financial crises starting in 2007 and one of the first fully considered expositions of the financial governance and regulatory reforms needed for the future Augmented with personal interviews involving selected global thought leaders and industry experts the author's narrative focuses on the technical issues that led to the global crisis but also addresses the human cultural and ethical aspects of the events from both sociological and managerial perspectives The book exposes the root causes and contributes significantly to the debate about the change needed in the banking and finance industries and to supervisory frameworks and regulatory mechanisms This analysis enables readers to understand that the crisis we have seen was predictable and should have been avoidable and that a recurrence can be avoided if lessons are learned and the right action taken

Corporate Boards Robert W. Kolb, Donald Schwartz, 2009-08-25 Corporate Boards Managers of Risk Sources of Risk deals with the highly timely topic of the Corporate Board and its relationship to risk both in terms of its management and its creation Utilizes a multi disciplinary perspective which draws on the fields of economics law business ethics and corporate social responsibility Features a range of topics including the role of corporate boards in overseeing increasingly complex risk management techniques and the ethical dimensions of corporate board behavior in managing risk Of interest to students scholars and firm stakeholders Explores how recent events have also shown that the members of Corporate Boards can be sources of risk

Options Robert W. Kolb, 1997-08-04 The third edition of Options is a comprehensive look at the most simple to the more complex use and structure of options

Market Microstructure in Emerging and Developed Markets H. Kent Baker, Halil Kiymaz, 2013-07-31 A comprehensive guide to the dynamic area of

finance known as market microstructure Interest in market microstructure has grown dramatically in recent years due largely in part to the rapid transformation of the financial market environment by technology regulation and globalization Looking at market transactions at the most granular level and taking into account market structure price discovery information flows transaction costs and the trading process market microstructure also forms the basis of high frequency trading strategies that can help professional investors generate profits and or execute optimal transactions Part of the Robert W Kolb Series in Finance Market Microstructure skillfully puts this discipline in perspective and examines how the working processes of markets impact transaction costs prices quotes volume and trading behavior Along the way it offers valuable insights on how specific features of the trading process like the existence of intermediaries or the environment in which trading takes place affect the price formation process Explore issues including market structure and design transaction costs information flows and disclosure Addresses market microstructure in emerging markets Covers the legal and regulatory issues impacting this area of finance Contains contributions from both experienced financial professionals and respected academics in this field If you re looking to gain a firm understanding of market microstructure this book is the best place to start

Financial Institutions Robert W. Kolb, Ricardo J. Rodriguez, 1996-06-13 Financial Institutions combines a thorough introduction to United States financial institutions and a substantial international focus Equally suitable for a first or second year course in finance or money and banking the text takes an analytical approach in its coverage of such topics as duration equity valuation cash management and the Black Scholes option pricing model Financial Institutions also offers comprehensive coverage of all major financial institutions comprising the financial system the text provides separate chapters on finance companies insurance companies pension funds financial futures and options and the swap market topics frequently omitted or treated lightly in other texts The text includes STUDY a computerized study guide that includes a bank of multiple choice questions covering all of the essential conceptual issues in the text

Lessons from the Financial Crisis Rob Quail, 2010-06-08 The world s best financial minds help us understand today s financial crisis With so much information saturating the market for the everyday investor trying to understand why the economic crisis happened and what needs to be done to fix it can be daunting There is a real need and demand from both investors and the financial community to obtain answers as to what really happened and why Lessons from the Financial Crisis brings together the leading minds in the worlds of finance and academia to dissect the crisis Divided into three comprehensive sections The Subprime Crisis The Global Financial Crisis and Law Regulation the Financial Crisis and The Future this book puts the events that have transpired in perspective and offers valuable insights into what we must do to avoid future missteps Each section is comprised of chapters written by experienced contributors each with his or her own point of view research and conclusions Examines the market collapse in detail and explores safeguards to stop future crises Encompasses the most up to date analysis from today s leading financial minds We currently face a serious economic crisis but in understanding it we can overcome the challenges

it presents This well rounded resource offers the best chance to get through the current situation and learn from our mistakes

Dividends and Dividend Policy H. Kent Baker, 2009-04-27 Dividends And Dividend Policy As part of the Robert W Kolb Series in Finance Dividends and Dividend Policy aims to be the essential guide to dividends and their impact on shareholder value Issues concerning dividends and dividend policy have always posed challenges to both academics and professionals While all the pieces to the dividend puzzle may not be in place yet the information found here can help you gain a firm understanding of this dynamic discipline Comprising twenty eight chapters contributed by both top academics and financial experts in the field this well rounded resource discusses everything from corporate dividend decisions to the role behavioral finance plays in dividend policy Along the way you ll gain valuable insights into the history trends and determinants of dividends and dividend policy and discover the different approaches firms are taking when it comes to dividends Whether you re a seasoned financial professional or just beginning your journey in the world of finance having a firm understanding of the issues surrounding dividends and dividend policy is now more important than ever With this book as your guide you ll be prepared to make the most informed dividend related decisions possible even in the most challenging economic conditions The Robert W Kolb Series in Finance is an unparalleled source of information dedicated to the most important issues in modern finance Each book focuses on a specific topic in the field of finance and contains contributed chapters from both respected academics and experienced financial professionals

Understanding Options Rob Quail, 1995-02-28 It s not hard to understand why options trading continues to grow in popularity especially among sophisticated investors with large stock portfolios Options are a cheaper and therefore inherently less risky way of speculating on the price movements of stocks or other underlying goods yet due to their volatility they provide more price action per dollar than do stocks And when traded in conjunction with stock portfolios options can significantly enhance an investor s ability to manipulate the risk and return characteristics of their entire investment Yet despite these and other advantages of options many investors shy away from this highly lucrative type of speculation because of the seeming impenetrability of many of its underlying concepts and technical principles Now in a book that demystifies options for financial professionals Professor Robert W Kolb one of the nation s leading authorities on the subject provides readers with a solid grounding in the principles and practices of options trading An excellent resource for investors who need to quickly get up to speed in options

Understanding Options offers a balanced presentation that builds swiftly from the most basic concepts and terms to advanced trading strategies and techniques Written in plain English and filled with real life examples and case studies it schools readers in All essential terms concepts principles and practices Popular trading techniques and their payoffs Option strategies Option hedging Formal trading models including the Binomial and Merton models Options on stock indexes foreign currency and futures Option pricing in both the American and European markets The options approach to corporate securities And much more Concise yet comprehensive authoritative yet highly accessible Understanding Options gives you everything you need to

feel right at home in the lucrative world of options Comprehensive practical authoritative the fastest most accessible route to the lucrative world of options From the basics of what an option is to advanced techniques for profiting from options in a variety of markets Understanding Options covers all the bases Written by a leading international authority on options trading this practical hands on guide offers detailed step by step coverage of option trading techniques and their payoffs option strategies European and American option pricing option hedging and much more It also explores options on stock indexes foreign currency and futures and takes a close look at the options approach to corporate securities A concise yet comprehensive introduction to options for financial professionals Gets you quickly up and running with all the essential knowledge you need to break into the options markets Featuring a balanced presentation that moves swiftly from basic terms and concepts to advanced trading models Packed with easy to follow examples and case studies that lucidly illustrate all points covered

Energy Finance and Economics Betty Simkins, Russell Simkins, 2013-02-19 Thought leaders and experts offer the most current information and insights into energy finance Energy Finance and Economics offers the most up to date information and compelling insights into the finance and economics of energy With contributions from today's thought leaders who are experts in various areas of energy finance and economics the book provides an overview of the energy industry and addresses issues concerning energy finance and economics The book focuses on a range of topics including corporate finance relevant to the oil and gas industry as well as addressing issues of unconventional renewable and alternative energy A timely compendium of information and insights centering on topics related to energy finance Written by Betty and Russell Simkins two experts on the topic of the economics of energy Covers special issues related to energy finance such as hybrid cars energy hedging and other timely topics In one handy resource the editors have collected the best thinking on energy finance

Alternative Investments H. Kent Baker, Greg Filbeck, 2013-03-06 A comprehensive guide to alternative investments that reveals today's latest research and strategies Historically low interest rates and bear markets in world stock markets have generated intense interest in alternative investments With returns in traditional investment vehicles relatively low many professional investors view alternative investments as a means of meeting their return objectives Alternative Investments Instruments Performance Benchmarks and Strategies can put you in a better position to achieve this difficult goal Part of the Robert W Kolb Series in Finance Alternative Investments provides an in depth discussion of the historic performance benchmarks and strategies of every major alternative investment market With contributions from professionals and academics around the world it offers valuable insights on the latest trends research and thinking in each major area Empirical evidence about each type of alternative investment is featured with research presented in a straightforward manner Examines a variety of major alternative asset classes from real estate private equity and commodities to managed futures hedge funds and distressed securities Provides detailed insights on the latest research and strategies and offers a thorough explanation of historical performance benchmarks and other critical information Blends

knowledge from the conceptual world of scholars with the pragmatic view of practitioners in this field Alternative investments provide a means of diversification risk control and return enhancement and as such are attractive to many professional investors If you re looking for an effective way to hone your skills in this dynamic area of finance look no further than this book Behavioral Finance H. Kent Baker,John R. Nofsinger,2010-10-05 A definitive guide to the growing field of behavioral finance This reliable resource provides a comprehensive view of behavioral finance and its psychological foundations as well as its applications to finance Comprising contributed chapters written by distinguished authors from some of the most influential firms and universities in the world Behavioral Finance provides a synthesis of the most essential elements of this discipline including psychological concepts and behavioral biases the behavioral aspects of asset pricing asset allocation and market prices as well as investor behavior corporate managerial behavior and social influences Uses a structured approach to put behavioral finance in perspective Relies on recent research findings to provide guidance through the maze of theories and concepts Discusses the impact of sub optimal financial decisions on the efficiency of capital markets personal wealth and the performance of corporations Behavioral finance has quickly become part of mainstream finance If you need to gain a better understanding of this topic look no further than this book **Capital Budgeting Valuation** H. Kent Baker,Philip English,2011-05-04 An essential guide to valuation techniques and financial analysis With the collapse of the economy and financial systems many institutions are reevaluating what they are willing to spend money on Project valuation is key to both cost effectiveness measures and shareholder value The purpose of this book is to provide a comprehensive examination of critical capital budgeting topics Coverage extends from discussing basic concepts principles and techniques to their application to increasingly complex real world situations Throughout the book emphasizes how financially sound capital budgeting facilitates the process of value creation and discusses why various theories make sense and how firms can use them to solve problems and create wealth Offers a strategic focus on the application of various techniques and approaches related to a firm s overall strategy Provides coverage of international topics based on the premise that managers should view business from a global perspective Emphasizes the importance of using real options Comprised of contributed chapters from both experienced professionals and academics Capital Budgeting Valuation offers a variety of perspectives and a rich interplay of ideas related to this important financial discipline **The Art of Capital Restructuring** H. Kent Baker,Halil Kiymaz,2011-06-07 The most up to date guide on making the right capital restructuring moves The Art of Capital Restructuring provides a fresh look at the current state of mergers acquisitions and corporate restructuring around the world The dynamic nature of M As requires an evolving understanding of the field and this book considers several different forms of physical restructuring such as divestitures as well as financial restructuring which refers to alterations in the capital structure of the firm The Art of Capital Restructuring not only explains the financial aspects of these transactions but also examines legal regulatory tax ethical social and behavioral considerations In addition to this

timely information coverage also includes discussion of basic concepts motives strategies and techniques as well as their application to increasingly complex real world situations Emphasizes best practices that lead to M A success Contains important and relevant research studies based on recent developments in the field Comprised of contributed chapters from both experienced professionals and academics offering a variety of perspectives and a rich interplay of ideas Skillfully blending theory with practice this book will put you in a better position to make the right decisions with regard to capital restructuring in today s dynamic business world
