It takes account of both traditional and innovative research approaches. Following a general introduction to the field and its major topics methods and objectives the presentation is divided into four thematic sections: methods and methodology, language, society and knowledge, language acquisition and language education, specialised communication and transfer. The volume is geared towards researchers, teachers and students working in the fields of linguistic and communication studies but also addresses the general public. It aims to provide useful information for anyone dealing with problems of language and communication in their professional or private lives and illustrates career options for graduates of Romance Linguistics. Concise Manual of Hematology and Oncology Michael Andreeff, Dietmar P. Berger, Benjamín Koziner, Monika Engelhardt, Hans A. Messner, Hartmut Henß, Roland Mertelsmann, N. Thatcher, 2008-05-16 A real boon for medical practitioners from a number of disciplines this is a practice oriented manual of medical oncology and hematology for day to day use in caring for patients hematologic and neoplastic diseases. It is founded on the longstanding experience of a large specialized university department accustomed to having to provide reliable advice in a broad range of circumstances. The authors have chosen not to give a comprehensive review of the various subjects but have instead focused on practical methods which have proven to be useful in their experience with special emphasis on standardizing chemotherapy protocols. *El manual del Administrador de Debian* Raphaël Hertzog, Roland Mas, 2016-04-18 Debian GNU
