listeners The chapters address how Swift s songs have been viewed by some fans as anthems of empowerment or messages of encouragement particularly by members of the LGBTQ community those who have been bullied or been seen as outsiders and emerging artists The final chapter places Swift s work and her public persona in the context of her times with respect to her use of and relationship with technology for example her use of social media and songwriting technology and her expressions of a new type of feminism that is unlike the feminism of the 1970s      **Intentions** Muriel Bolger,2012-05-03
