

ARKANSAS DEPARTMENT OF HUMAN SERVICES

UNWINDING REPORT

APRIL 2023

Normal Medicaid eligibility rules have resumed, and Arkansas is working to redetermine the eligibility of beneficiaries whose coverage was extended during the federally-declared Public Health Emergency. The figures below show the change in overall Medicaid enrollment from the beginning of the pandemic to this month.

MEDICAID ENROLLMENT

MARCH 31, 2020: 921,066
MAY 1, 2023: 1,066,541
DIFFERENCE: +145,475

APRIL 1-30, 2023

TOTAL CLOSURES: 72,802 | RENEWALS OF CASES DUE IN APRIL: 61,236

The tables below break down the top closures so far during the unwinding by both category of assistance and the reason. The figures show the number of cases closed by beneficiaries whose coverage was extended due to the Public Health Emergency, the number closed for regular renewals, and the total. These totals reflect all closures in April, not just cases that were due in April.

CLOSURES BY CATEGORY OF ASSISTANCE

Category	Regular	Extended	Total
ASHOME	9662	18561	28223
ABODS A	9595	14242	23837
PCR	4962	7944	12906
Newborn	1438	1929	3367
ABODS B	778	1085	1863
Grand total	28135	44667	72802

REASON FOR CLOSURE

Category	Regular	Extended	Total
Failed to return renewal form	9089	35625	44714
Failed to return requested information	6077	1596	7673
Client requested closure	3106	2685	5791
Household income is above limit for household size	3929	1485	5414
Unable to locate - returned mail	1285	739	2024

News Report On Human Service:

SAMHSA News ,2006 Health Services Reports ,2005 Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations for 2000 United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Labor, Health and Human Services, Education, and Related Agencies,1999 Inactive Or Discontinued Items from the 1950 Revision of the Classified List ,1994 Monthly Catalog of United States Government Publications ,1994 **Calling the Shots** Daniel P. Gitterman,2017-02-14 Modern presidents are CEOs with broad powers over the federal government The United States Constitution lays out three hypothetically equal branches of government the executive the legislative and the judicial but over the years the president as head of the executive branch has emerged as the usually dominant political and administrative force at the federal level In fact Daniel Gitterman tells us the president is effectively the CEO of an enormous federal bureaucracy Using the unique legal authority delegated by thousands of laws the ability to issue executive orders and the capacity to shape how federal agencies write and enforce rules the president calls the shots as to how the government is run on a daily basis Modern presidents have for example used the power of the purchaser to require federal contractors to pay a minimum wage and to prohibit contracting with companies and contractors that knowingly employ unauthorized alien workers Presidents and their staffs use specific tools including executive orders and memoranda to agency heads as instruments of control and influence over the government and the private sector For more than a century they have used these tools without violating the separation of powers Calling the Shots demonstrates how each of these executive powers is a powerful weapon of coercion and redistribution in the president s political and policymaking arsenal *Block Granting Medicaid* Edward Alan Miller,2013-11-12 Medicaid is the largest grant in aid program in the United States Reform in this area therefore provides a unique opportunity to study the intersection between federal and state policy making in an area recently characterized by substantial uncertainty deriving from the lingering effects of the Great Recession ongoing debate over the federal budget and implementation of the Patient Protection and Affordable Care Act Invariably states reform the way health care is delivered regulated and financed within broader parameters established by federal statutes and regulations It is critical therefore that effective strategies be put into place if both current and future health and long term care reform efforts are to have their greatest chances at success Rhode Island is the first state to receive permission to operate its entire Medicaid program under a global cap As a consequence it has entered the national consciousness as a key data point potentially supporting the block grant approach to Medicaid reform In this book Edward Alan Miller identifies factors that either facilitated or impeded the design and implementation of Rhode Island s Global Consumer Choice Compact Medicaid Waiver in order to draw broader lessons for the Medicaid block grant debate and health and long term care reform more generally Evidence gathered from archival sources and in depth interviews with key stakeholders exposes the role that provider capacity has played in the implementation process including

adult day care assisted living home maker and other home and community based services The impact of the Global Waiver on the nursing home sector is examined as well in addition to new authority to obtain federal matching dollars for previously state only funded programs By providing a sophisticated understanding of factors enhancing or impeding state health reform this book will contribute to improvements in the development and administration of policy development at both the state and federal levels

Assessment of NIH Minority Research and Training Programs National Research Council,Policy and Global Affairs,Board on Higher Education and Workforce,Oversight Committee for the Assessment of NIH Minority Research Training Programs,Committee for the Assessment of NIH Minority Research Training Programs,2005-08-24 This report provides an assessment of NIH s programs for increasing the participation in biomedical science of individuals from underrepresented minority groups The report examines using available data and the results of a survey of NIH trainees the characteristics and outcomes of programs at the undergraduate graduate postdoctoral and junior faculty levels The report provides recommendations for improving these programs and their administration It also recommends how NIH can improve the data it collects on trainees in all NIH research training programs so as to enhance training program evaluation

Maheu,Myron L. Pulier,Frank H. Wilhelm,Joseph P. McMenamin,Nancy E. Brown-Connolly,2004-09-22 In the last two decades new communication technologies have dramatically changed the world in which mental health professionals and their patients live Developments such as e mail online chat groups Web pages search engines and electronic databases are directly or indirectly affecting most people s routines and expectations Other developments are poised to do so in the near future Already for example patients are acquiring both good and bad advice and information on the Web many expect to be able to reach their therapists by e mail And already there is pressure from third party payers for providers to submit claims electronically These technological breakthroughs have the potential to make mental health care more widely available and accessible affordable acceptable to patients and adaptable to special needs But many mental health professionals as well as

those who train them are skeptical about integrating the new capabilities into their services and question the ethical and legal appropriateness of doing so Those unfamiliar with the technologies tend to be particularly doubtful How much e mail contact with patients should I encourage or permit and for what purposes Why should I set up a Web site and how do I do so and what should I put on it Should I refer patients to chat groups or Web based discussion forums Could video conferencing be a helpful tool in some cases and what is involved How do I avoid trouble if I dare to experiment with innovations And last but not least will the results of my experimentation be cost effective The book includes an extensive overview of legal and regulatory issues such as those raised by the Health Insurance Portability and Accountability Act HIPAA concrete technical ethical and managerial suggestions summarized in a seven step Online Consultation Risk Management model and how to resource lists and sample documents of use to beginners and experienced professionals alike For better or worse no mental health professional today can avoid confronting the issues presented by the new technologies The Mental Health Professional and the New Technologies A Handbook for Practice Today will enormously simplify the job of thinking through the issues and making clinically ethically and legally prudent decisions Building and Sustaining the Economic Recovery United States. Congress. House. Committee on Banking, Finance, and Urban Affairs. Subcommittee on Domestic Monetary Policy, 1984
