Perdido Street Station China Miéville:

Perdido Street Station China Miéville, 2003-07-29 WINNER OF THE AUGUST DERLETH AND ARTHUR C CLARKE AWARDS A masterpiece brimming with scientific splendor magical intrigue and fierce characters from the author who has reshaped modern fantasy The Washington Post China Miéville's fantasy novels including a trilogy set in and around the magical city state of New Crobuzon have the refreshing effect of making Middle earth seem plodding and flat The New York Times The metropolis of New Crobuzon sprawls at the center of the world Humans and mutants and arcane races brood in the gloom beneath its chimneys where the river is sluggish with unnatural effluent and foundries pound into the night For a thousand years the Parliament and its brutal militias have ruled over a vast economy of workers and artists spies and soldiers magicians crooks and junkies Now a stranger has arrived with a pocketful of gold and an impossible demand And something unthinkable is released The city is gripped by an alien terror The fate of millions lies with a clutch of renegades A reckoning is due at the city's heart in the vast edifice of brick and wood and steel under the vaults of Perdido Street Station It is too late to escape *Perdido Street Station* China Miéville, 2001-02 In the sprawling gothic city of New Crobuzon a stranger has come to request the services of Isaac an overweight and slightly eccentric scientist But it is an impossible request that of flight and in the end Isaac's attempts will only succeed in unleashing a dark force upon the city **Perdido Street Station** China Miéville, 2014-03-10 Willkommen in der unmöglichen Stadt Eine Stadt eine Welt für sich ein Moloch Das ist New Crobuzon bevölkert von Milliarden Menschen und Mutanten unterjocht von einem strengen Regime und angefüllt mit den ungeheuersten Sehnsüchten größten Problemen und Kämpfen seiner Bewohner Als eines Tages ein seltsames Wesen den geheimen Laboren der Stadt entflieht ahnt niemand dass dies der Untergang New Crobuzons sein könnte Auch Isaac Dan der Grimnebulin ahnt die Gefahr nicht als er dem Wesen begegnet China Miéville Tony Venezia, Sherryl Vint, Raphael Zähringer, Dougal McNeill, Joe Sutcliffe Sanders, Paul March-Russell, Ben De Bruyn, Matthew Sangster, Anthony F. Lang, Jr., Mark P. Williams, Roger Luckhurst, 2015-12-01 The chapters in this collection respond to the range of interests that have shaped Miéville's fiction from his influential role in contemporary genre debates to his ability to pose serious philosophical questions about state control revolutionary struggle regimes of apartheid and the function of international law in a globalized world This collection demonstrates how Miéville's fictions offer a striking example of contemporary literature's ability to imagine alternatives to neoliberal capitalism at a time of crisis for leftist ideas within the political realm *Art and Idea in the Novels of China Miéville* Carl Freedman, 2015-09-07 This book offers in the first six chapters critical readings of six novels by China Miéville which are followed in the seventh chapter by a theoretical meditation on some of the conceptual issues raised by and engaged in the Miéville oeuvre There comes a moment in *The City* the City though it is not necessarily the same moment for every reader when you realise that Beszel and Ul Qoma are not separate realms but the same space divided Likewise art and idea are often subject to absurd partition but then along comes an author such as China Miéville who shows

them to be in truth indissoluble So argues Freedman s inordinately readable and just as rigorous account of Mi ville s major novels Highly recommended Mark Bould University of the West of England Freedman offers a compelling interpretation of Mi ville s novels informed equally by an impressive range of literary influences and a carefully documented exploration of historical antecedents Seeing Mi ville s genre hybridity as an illustration of the power of dialectical thinking Freedman illuminates the complex utopian project of Mi ville s fiction Freedman is one of our finest critical voices on Mi ville one of the most important speculative writers of the 21st century Sherryl Vint University of California Riverside

The Scar China Miéville,2004-06-01 En route to the fledgling colony of New Crobuzon a ship carrying prisoners slaves and a few travelers each with their own reason for leaving the city is attacked by pirates who bring the surviving passengers to a strange floating city constructed upon the hulls of pirated ships whose leaders are hiding a sinister agenda By the author of *Perdido Street Station* Reprint

Diffraction Reading Kai Merten,2021-05-27 Putting the New Materialist figure of diffraction to use in a set of readings in which cultural texts are materially read against their contents and their themes against their readers or against other texts this volume proposes a critical intervention into the practice of reading itself In this book reading and reading methodology are probed for their materiality and re considered as being inevitably suspended between or diffracted with both matter and discourse The history of literary and cultural reading including poststructuralism and critical theory is revisited in a new light and opened up for a future in which the world and reading are no longer regarded as conveniently separate spheres but recognized as deeply entangled and intertwined *Diffraction Reading* ultimately represents a new reading of reading itself firstly by critiquing the distanced perspective of critical paradigms such as translation and intertextuality in which texts encountered processed or otherwise subdued secondly showing how all literary and cultural readings represent different agential cuts in the world text reader constellation which is always both discursive and material and thirdly the volume materializes dynamizes and politicizes the activity of reading by drawing attention to reading s intervention in and co creation of the world in which we live

New Boundaries in Political Science Fiction Donald M. Hassler, Clyde Wilcox, 2008 This book offers an interpretation of the evolution of a growing genre in literary film and television As a follow up to their 1997 collection *Political Science Fiction* Hassler and Wilcox have assembled twenty four noted international scholars representing

diverse fields of inquiry to assess the influential voices and trends from the past decade in *New Boundaries in Political Science Fiction*. The terrors and technologies that permeate our daily lives have changed radically in the past decade further highlighting the underlying speculations on our contested future that remain the core of this genre. In surveying the vast expanse of politically charged science fiction of recent years the editors posit that the defining dilemma for these tales rests in whether identity and meaning germinate from progressive linear changes or progress or from a continuous return to primitive realities of war death and the competition for survival. The discussion of political implications ranges among writers from H G Wells Robert A Heinlein Ursula Le Guin and Isaac Asimov to more radical recent voices such as Iain M Banks William Gibson Joanna Russ Philip K Dick and China Mieville. While emphasizing the literature the collection also addresses political science fiction found on film and television from the original *Star Trek* through the newest incarnation of *Battlestar Galactica*.

Hidden Topographies Raphael Zähringer, 2017-04-24 This book examines dystopian fiction's recent paradigm shift towards urban dystopias. It links the dystopian tradition with the literary history of the novel spatio philosophical concepts against the backdrop of the spatial turn and systems theory. Five dystopian novels are discussed in great detail: China Miéville's *Perdido Street Station* 2000 and *The City* 2009, *City of Bohane* 2011 by Kevin Barry, John Berger's *Lilac and Flag* 1992 and *Divided Kingdom* 2005 by Rupert Thomson. The book includes chapters on the literary history of the dystopian tradition the referential interplay of maps and literature urban spaces in literature borders and transgressions and on systems theory as a tool for charting dystopian fiction. The result is a detailed overview of how dystopian fiction constantly adapts to and reflects on the actual world.

Twenty-First-Century Gothic Maisha Wester, 2019-05-22 This resource in contemporary Gothic literature film and television takes a thematic approach providing insights into the many forms the Gothic has taken in the twenty first century.

Deleuze and the Schizoanalysis of Dystopia Rahime Çokay Nebioğlu, 2020-06-19 This book offers an insightful history of dystopian literature integrating it within the conceptual schemas of Deleuze and Guattari. Unlike earlier examples of dystopia which depict representations of a possible future that is remarkably worse than present society contemporary dystopia often tends to portray an almost allegorical representation of present society. Tracing dystopia's shift from transcendence towards immanence with the rise of late neoliberal capitalism and control societies Okay Nebioğlu skilfully constructs a new taxonomy of dystopian fiction to address this changing dynamic. Accompanied by a subtle exploration of earlier and later examples of the genre by George Orwell Aldous Huxley Suzanne Collins Veronica Roth William Gibson Max Barry Dave Eggers Cindy Pon and Tahsin Yılmaz along with rich and nuanced analysis of China Mieville's *Perdido Street Station* and Margaret Atwood's *MaddAddam* trilogy the book seeks not only to track the transformation of dystopia in light of worldwide cultural political and economic transformation but also to conduct a schizoanalytic reading of dystopia thus opening up an exciting field of enquiry for Deleuzian scholars.

Alterity and Capitalism in Speculative Fiction Tomás Vergara, 2023-10-04 Speculative fiction has been traditionally studied in Marxist literary criticism following Darko Suvin s paradigmatic model of science fiction according to a hierarchical division of its multiple subgenres in terms of their assumed inherent political value By drawing on an alternative genealogy of Marxist criticism this book presents a non hierarchical understanding of the estrangement connecting all varieties of speculative fiction outlining the political potential shared across the spectrum of speculative fiction along with the specific narrative strategies by which it critically engages with its historical context of production This study s main point of contention is that speculative fiction performs an estrangement effect on historical reality that can potentially render visible the role of fantasies in the organisation of capitalist social practice This narrative effect enables an estranged perspective by which the novel interprets and conceptualises historical reality in a totalising manner
