

A black and white photograph of a classical marble sculpture. The sculpture depicts a male figure, likely a deity or hero, reclining on his side. He has curly hair and a beard. His right arm is raised high, with the hand open. His left arm is bent, with the hand resting near his head. The figure's torso is bare, and his legs are also bare. The background is a plain, light-colored surface.

Rome and Her Empire Barry W. Cunliffe, 1994 Far more than a history this brilliantly illustrated volume offers a reconstruction in human terms of the many facets of Rome s extraordinary legacy The Romans speak to us here through their splendid achievements and their tragic failures their monuments and their tastes to give us an understanding of the spirit behind these dramatic events From village to Empire for nearly a millennium Rome kept up a dizzying pace of change and expansion Stirring victories over Hannibal the Gauls the Britons alternated with peaceful intervals of cultural development under Augustus and

Marcus Aurelius until the final days of chaos and decline Those thousand years take shape on the pages of Professor Cunliffe's beautiful book to give us a gradually unfolding vision of a people who once lived and of a resplendent world now in ruins Instead of a textbook he has virtually recreated Rome itself a world opening up maintaining its brief fragile balance and then collapsing The whole dynamic nature of the process is evoked here by the use of historical passages alternating with concise analytical views of daily life The rise and fall of a great empire Professor Cunliffe writes cannot fail to fascinate us for we can see in such a story something of our own time But of all the empires that have come or gone none has a more immediate appeal than the Empire of Rome It pervades our lives today The sheer vastness of the Empire was staggering At its height it extended across 2 600 miles east to west and 2 000 miles north to south But these figures mean little Even understood as reaching from the north of Britain to Africa and engulfing Spain Germany and lands as far as the Persian Gulf Rome does not come alive until captured as in this book through glimpses of shops and villas the voices of people the echoing theaters baths temples and slums And Professor Cunliffe provides them for the reader Along with the history of Rome's growth and dominion he has added a careful history of her changing political social and cultural institutions But above all the Romans themselves speak Cicero Seneca and Petronius seize the flavour of the Roman experience Marius Pompey and Caesar use the urban mob as a pawn in their power games Livy pieces together the city's origins from folklore Even the coins transmit news and instill piety ultimately becoming devices for propaganda Tombstones monuments bawdy and political graffiti and private letters miraculously preserved give us a wealth of human details the voices that gave life to Rome and her Empire A young soldier writes home to Egypt Dear mother I hope this finds you well When you get this letter I will be much obliged if you will send me some money On a wooden tablet from London written by a master to his servant in Rome I believe you know I am very well If you have made the list please send See that you turn the slave girl into cash Lucretius the Epicurean explains natural phenomena in terms of philosophical concepts Vitruvius lays down the rules of architecture the poets and playwrights all help enrich the fabric and our heightened understanding of Roman life In this handsome book such materials provide readers with the eloquent testament and indestructible evidence of a city that emerged from obscurity in 500 B C and directed the civilized world until the birth of Constantinople in 500 A D Featured among the volume's 1 000 illustrations of which half are in full color are superb photographs by former Life correspondent Brian Brake and by Leonard von Matt These stunning works are augmented by additional photographs reproductions portraits engravings maps and drawings that capture even more of the gifts that have been handed down to us by the Romans

Gladiators at Pompeii Luciana Jacobelli, 2003 The ruins of Pompeii reveal more graphically than anywhere else in the Roman world the vital role that gladiators and gladiatorial combat played in society The Vesuvian eruption not only sealed the oldest amphitheatre to survive from antiquity but also graffiti elaborate weaponry stone monuments and paintings which all testify to the popularity of gladiators several of which are known to us by name In addition the discovery of a training barracks allows us to locate physically the place of gladiators in the city This book now available in English translation presents the evidence from Pompeii in full colour photographs accompanied by reconstruction drawings and an informative text that takes us through the streets of Pompeii as the gladiators would have known it **Pompeii** Thomas Henry Dyer, 1875 **The Wonders of Pompeii** Marc Monnier, 1886 **The Last Days of Pompeii** Edward Bulwer Lytton Baron Lytton, 1884 *The last days of Pompeii, by the author of 'Pelham'. by sir E.
