Getting It Wrong W. Joseph Campbell,2017 Many of American journalism s best known and most cherished stories are exaggerated dubious or apocryphal They are media driven myths and they attribute to the news media and their practitioners far more power and influence than they truly exert In Getting It Wrong writer and scholar W Joseph Campbell confronts and dismantles prominent media driven myths describing how they can feed stereotypes distort understanding about the news media and deflect blame from policymakers Campbell debunks the notions that the Washington Post s Watergate reporting brought down Richard M Nixon s corrupt presidency that Walter Cronkite s characterization of the Vietnam War in 1968 shifted public opinion against the conflict and that William Randolph Hearst vowed to furnish the war against Spain in 1898 This expanded second edition includes a new preface and new chapters about the first Kennedy Nixon debate in 1960 the haunting Napalm Girl photograph of the Vietnam War and bogus quotations driven by the Internet and social media

Changing Minds Francesca Polletta,Edwin Amenta,2025-01-16 Social movements organized efforts by relatively powerless people to change society can result in legal and policy changes such as laws protecting same sex marriage and tax rebates for solar energy However movements also change people s beliefs values and everyday behavior Such changes may help bring about new policies or take place in the absence of new policy yet we still know little about when and why they occur In Changing Minds sociologists Francesca Polletta and Edwin Amenta ask why movements have sometimes had fast and far reaching cultural influence Polletta and Amenta examine the trajectories of U S social movements including the old age pension movements of the 1930s and 1940s the Black rights movement of the 1950s and 1960s the women s movement

of the 1970s right wing movements in the 1980s and 1990s and the environmental movement up to the present to determine when why and how social movements change culture They find that influential movements are featured in the news but not only in the news Movement perspectives may appear also in opinion and commentary outlets on television talk shows and dramas in movies stand up comedy and viral memes Popular culture producers remake movement messages as they transmit them sometimes in ways that make those messages compelling For example while the news largely ignored feminists challenge to inequality in the home popular cultural outlets turned liberation into a resonant demand for women's right to self fulfillment outside the home and within it Widespread attention to the movement may lead people to change their minds individually But more substantial change is likely when companies schools and other organizations outside government strive to get out in front of a newly legitimate issue whether environmental sustainability or racial equity by adopting movement supportive norms and practices Eventually ideas associated with a movement may become a new common sense though not always the ideas that the movement intended Throughout *Changing Minds* Polletta and Amenta provide activists with strategies for getting their message heard and acted on They suggest how movement actors can get into the news as political players or experts rather than lawbreakers or zealots They show when it makes sense for activists to work with popular cultural producers and when they should create their own cultural outlets They explain why the routes to cultural influence have changed and why urging people to take one easy step to save the planet can do more harm than good *Changing Minds* is a fascinating exploration of why and how some social movements have caused profound shifts in society **ICSE Art of Effective English Writing for Classes IX-X (2021 Edition)** Meena Singh & O.P.
