

## The Moment

The moment when, after many years  
of hard work and a long voyage  
you stand in the centre of your room,  
house, half-acre, square mile, island, country,  
knowing at last how you got there,  
and say, I own this,

is the same moment when the trees unloose  
their soft arms from around you,  
the birds take back their language,  
the cliffs fissure and collapse,  
the air moves back from you like a wave  
and you can't breathe.

No, they whisper. You own nothing.  
You were a visitor, time after time  
climbing the hill, planting the flag, proclaiming.  
We never belonged to you.  
You never found us.  
It was always the other way round.

Motten, 1916 *Three Philosophical Poets* George Santayana, 2012-04-16 I am no specialist in the study of Lucretius. I am not a Dante scholar nor a Goethe scholar. My excuse for writing about them notwithstanding is merely the human excuse which every new poet has for writing about the spring. They have attracted me; they have moved me to reflection; they have revealed to me certain aspects of nature and of philosophy which I am prompted by mere sincerity to express if anybody seems interested or willing to listen. The modesty exhibited in the above disclaimer from Santayana's preface to *Three Philosophical Poets* should be viewed in the context of the author's extraordinary impact as a philosopher and teacher. *The Sense of Beauty* has claim to being the first major work on aesthetics written in the United States; the multivolume *The Life of Reason* is arguably the first extended analysis of pragmatism anywhere. Among Santayana's many well-known Harvard students, Wallace Stevens has acknowledged a clear debt to his work. Based on a course Santayana taught at Harvard, *Three Philosophical Poets* was first delivered to the public as a series of lectures at Columbia University in 1910. Santayana's lifelong learned meditation on the relationship between philosophy and art is apparent. Santayana's own prose style has long been considered among the most eloquent in all of philosophy. Here he discusses the chief phases of European philosophy: naturalism, supernaturalism, and romanticism as they are set forth and epitomized by the works of Lucretius, Dante, and Goethe respectively. Praise for *Three Philosophical Poets* and its author: A brilliant and admirable little book. T. S. Eliot. The exquisite and memorable way in which he has always said things has given so much delight that we accept what he says as we accept our own civilization. His pages are part of the *douceur de vivre*. Wallace Stevens. Santayana was the real excitement for me at Harvard, especially *Three Philosophical Poets*. It really fixed my view of what poetry should ultimately be. Conrad
