My Quest for Health Equity David Satcher, 2020-09-08 Reading this book is like sitting down with Dr David Satcher to hear stories of leadership and lessons learned from his lifetime commitment to health equity Dr David Satcher is one of the most widely known and well regarded physicians of our time A former four star admiral in the US Public Health Service Commissioned Corps he served as the assistant secretary for health the surgeon general of the United States and the director

of the Centers for Disease Control and Prevention before founding the eponymous Satcher Health Leadership Institute at Morehouse School of Medicine At the core of his impact on public health he is also a lifelong leader for civil rights and health equity Born black and poor in the deep South Dr Satcher was a victim of an unjust health care system he almost died of whooping cough at the age of two because Jim Crow laws meant that his black doctor could not admit him to a hospital That experience was the first of many that shaped him as a leader and a healer deeply attuned to social inequity someone who was determined to make a positive difference In My Quest for Health Equity Dr Satcher takes an inspiring and instructive look inside his fifty year career to shed light on the challenge and burden of leadership Explaining that he has thought of each leadership role whether in academia community or government as an opportunity to move the needle toward health equity he shares the hard won lessons he has learned over a lifetime in the medical field Drawing on his early memories medical school days experience in the civil rights movement and professional highs and lows Dr Satcher touches on a number of topics including the essential qualities of leadership leading from science to policy to practice the importance of clear communication and continual learning the need for workplace discipline confronting failure specific health issues including the obesity epidemic reproductive health and mental health stigma team approaches to leadership and much more In this book readers will discover a template for using leadership roles of all types to eliminate health disparities My Quest for Health Equity is a vital resource for current and rising leaders Back in the Game Jeffrey S. Kutcher,Joanne C.

Gerstner,2017 The word concussion was unheard of in youth sports a decade ago The injury was indeed occurring but youth athletes were often told to shake it off after getting their bell rung Science and increased awareness about concussion and brain health have transformed the way youth parents coaches and players pursue athletics Fear of incurring concussions as well as incomplete or incorrect information is leading some parents to keep their children out of contact sports such as football and soccer where concussion is more prevalent Back in the Game Why Concussion Doesn t Have to End Your Athletic Career does not dwell on perpetuating fears but rather provides the most up to date understanding of the condition This is a real world discussion of what science and medicine know what parents and coaches need to understand about concussion evaluation and treatment and what possible post concussive issues exist The expertise and experiences of noted sports neurologist Jeffrey S Kutcher MD along with reporting and interviews by award winning sports journalist Joanne C Gerstner make this book a timely relevant and real discussion about concussions in youth sports Athletes and professional coaches who have participated in the formation of this book include two time Olympic gold medalist soccer player Kate Markgraf former NHL Team Canada head coach Andy Murray champion X Games snowboarder Ellery Hollingsworth along with an array of youth parents coaches and athletes from across the country Globalized Sport Management in Diverse Cultural Contexts James J. Zhang,Brenda G. Pitts,2019-04-05 Cross cultural management is an important facet of the globalized sport industry Sport managers must be skilled at working with individuals from diverse cultures and aware of the key issues

affecting sport on a global level This book brings together cutting edge research from leading sport scholars from around the world to illuminate some of those important issues and to demonstrate what cross cultural management looks like in a sporting context Presenting case studies from countries as diverse as the US Brazil Poland and Venezuela and across a range of sports from football to basketball the book presents new empirical material derived from a range of inquiry protocols including both qualitative and quantitative methods It offers critical analyses of cross cultural and managerial issues in key areas such as group cohesiveness group communications and misperception and misinterpretation Making an important contribution to our understanding of both theory and practice in sport management this book is fascinating reading for any student researcher or practitioner with an interest in global and international sport

Sports Crazy Steven J. Overman, 2019-02-11 Sports Crazy How Sports Are Sabotaging American Schools exposes the excesses of middle and high school sports and the detrimental effects our sports obsession has on American education Institutions are increasingly emulating college and professional sports models and losing sight of a host of educational and health goals Steven J Overman describes how this agenda is driven largely by partisan fans and parents of athletes who exert an inordinate influence on school priorities and he explains how and why school administrators shockingly and consistently capitulate to these demands The author underscores the incongruity of public schools involved in an entertainment business and the effects this diversion has on academic integrity learning life experience and overall educational outcomes Overman examines out of control school sports within the context of a school s educational mission and curriculum with telling reference to impacts on physical education He explores as well the outsized place of interscholastic sports beyond the classroom and scrutinizes the distorted relationship between intramural or recreational sports and elitist varsity athletics Overman s chapter on tackle football explains many reasons why this sport should be eliminated from the school extracurriculum and replaced by flag or touch football Overman presents a brief history of interscholastic sports and he compares and contrasts the American experience of school sponsored sport to the European model of community based clubs Which approach better serves students Overman recommends reforms in the context of a radical proposal to phase out interscholastic sports in favor of an intramural or club model This approach would alleviate such problems as elitism and gender bias and reign in hypercompetitiveness while freeing schools to educate students rather than provide public entertainment
