Focus On: 100 Most Popular Fantasy Anime and Manga Wikipedia contributors, *Video Games as Art* Frank G. Bosman, Archibald L.H.M. van Wieringen, 2022-11-07 Video games are a relative late arrival on the cultural stage While the academic discipline of game studies has evolved quickly since the nineties of the last century the academia is only beginning to grasp the intellectual philosophical aesthetical and existential potency of the new medium The same applies to the question whether video games are or are not art in and on themselves Based on the Communication Oriented Analysis the authors assess the plausibility of games as art and define the domains associated with this question

Hot Tubs and Pac-Man Anne Ladyem McDivitt, 2020-10-12 This work looks at the gendered nature of the US video gaming industry Although there were attempts to incorporate women into development roles and market towards them as players the creation of video games and the industry began in a world strongly gendered male The early 1980s saw a blip of

hope that the counter cultural industry focused on fun would begin to include women but after the video game industry crash this free wheeling freedom of the industry ended along with the beginnings of the inclusion of women Many of the threads that began in the early years continued or have parallels with the modern video game industry The industry continues to struggle with gender relations in the workplace and with the strongly gendered male demographic that the industry perceives as its main market
