

Strongly recommend that you prepare a handwritten summary of this assignment.

Statistical concepts such as standard errors or confidence intervals are not taught before you learn properties of sampling distributions. In fact, it's important to first understand the concept of a sampling distribution. This is the distribution of sample means. For example, if you take a sample of 100 students from a population of 1000 students, the sample mean will be a random variable. The distribution of all such sample means is the sampling distribution. This is the distribution of sample means.
