No Going Back Lisa Kennedy, 2017-09-01 During a routine family holiday to her husband's homeland of Turkey Lisa Kennedy was suddenly told their marriage was over Her husband took their six month old baby from her care and instructed her to go home to Australia alone beginning four years of hell in Istanbul as she fought the case through both Turkish and International courts all the while battling people she once called family now hell bent on not letting her leave with her only son Lisa fought for Turkish permanent custody and an International Hague return order simultaneously so that she could return to Australia legally with her child However the protracted processes through a foreign legal system kept them in a holding pattern with no end in sight Finally with time against her and all faith lost in legal channels Lisa realised she had only a mother's choice she had to save her child and get back home by whatever means available That meant calling on outside help and to raise awareness about the frailties of international marriage and children 60 Minutes agreed to film the plight long before the controversy surrounding Sally Faulkner's children in Lebanon exploded This is the heart stopping story that is now unlikely ever to be aired

No Turning Back Paul Addison, 2010-06-24 In *No Turning Back* Paul Addison takes the long view charting the vastly changing character of British society since the end of the Second World War As he shows in this period a series of peaceful revolutions has completely transformed the country so that with the advantage of a longer perspective the comparative peace and growing prosperity of the second half of the twentieth century appear as more powerful solvents of settled ways of life than the Battle of the Somme or the Blitz We have come to take for granted a welfare state which would have seemed extraordinary to our forebears in the first decades of the century based upon the achievement of a hitherto undreamed of mass prosperity Much of the sexual morality preached if not practised for centuries has been dismantled with the creation of a permissive society The employment and career chances of women have been revolutionized A white nation has been transformed into a multiracial one An economy founded on manufacturing under the watchful eye of the gentlemen in Whitehall has morphed into a free market system heavily dependent on finance services and housing while a predominantly working class society has evolved into a predominantly middle class one And the United Kingdom which once looked as solid as the rock of Gibraltar now looks increasingly fragile as Wales and especially Scotland have started to go their separate ways The book ends with an

assessment of the gains and losses that have resulted As this makes clear this is not a story of progress pure and simple it is a story of fundamental transformation in which much has been gained and much also lost perhaps above all a sense of the ties that used to bind people together Paul Addison brings to it the personal point of view of someone who has lived through it all and seen the Britain of his youth turn into a very different country but who in the final reckoning still prefers the present to the past
