After Dark Jimmy Para,2011-11-02 Imagine the worst infection ever known to man Imagine turning into a

raging psychopathic killer within fifteen minutes of contracting the infection Now imagine it outside your front door Finally imagine your family disappearing after dark just as the infection takes a vice like grip of the country George doesn't need to imagine it as this is his reality He has just suffered another blackout whilst taking a shower The handbrake of his life that he has been living with for the past few years has just thrown him into disarray as he wakes up to find his wife and two daughters have disappeared The TV is telling him to stay indoors but he can't just sit around whilst his family are out there somewhere fighting to survive and avoid the infection George finds help on his quest to find his family from a stranger that saves his life Together they embark on a mission to find George's family and reunite him with his world Along the way they are met with obstacles that will challenge them morally as well as physically How did the infection start How is the infection spreading Who or what has caused the most deadly plague ever known to man Will our species survive such a savage outbreak Will George ever be reunited with his family Will life ever be the same again All will be revealed
