The Marion Experiment Stephen C. Richards, 2015-01-21 Taking readers into the darkness of solitary confinement this searing collection of convict experiences academic research and policy recommendations shines a light on the proliferation of supermax super maximum security prisons and the detrimental effects of long term high security confinement on prisoners and their families Stephen C Richards an ex convict who served time in nine federal prisons before earning his PhD in criminology argues the supermax prison era began in 1983 at USP Marion in southern Illinois where the first control units were built by the Federal Bureau of Prisons *The Marion Experiment* written from a convict criminology perspective offers an introduction to long term solitary confinement and supermax prisons followed by a series of first person accounts by prisoners some of whom are scholars previously or currently incarcerated in high security facilities including some of the roughest prisons in the western

world Scholars also address the widespread Marionization of solitary confinement its impact on female adolescent and mentally ill prisoners and families and international perspectives on imprisonment As a bold step toward rethinking supermax prisons Richards presents the most comprehensive view of the topic to date to raise awareness of the negative aspects of long term solitary confinement and the need to reevaluate how prisoners are housed and treated Writing as Resistance Robert Gaucher,2002 This anthology consists of a selection of articles and essays written by people who are either in prison or have been imprisoned The work of the writers was first published in several editions of the Journal of Prisoners on Prisons from 1988 to 2001 The writers address the growth and development of the crime control industry the social construction of prison life and the implications for society in general This anthology humanizes the prioner by enabling his her voice to be heard by members of society It opens with a general introduction to prison writing by the editor and with considerations on being a writer in prison by three established prison writers They write of the need to know understand and deconstruct the prison as a formative aspect of the decision to write and as an influence on their development as writers The entire collection presents the notion that writing and artistic expression become resistance a testament to surviving the dislocation that prison life creates Gaucher suggests that this moves writing from merely being an act of resistance and into the arena of cultural struggle **A Guerrilla Guide to Refusal** Andrew Culp,2022-03-15 A field guide to a nonfascist life at the end of the world as we know it A Guerrilla Guide to Refusal is an unexpected approach to philosophy from a guerrilla logic point of view Harnessing critical theory to creatively reimagine counterinsurgency guerrilla warfare and interventions beyond the political mainstream it takes us on a journey through anarchist infowar queer outlaws and black insurgency through a subterranean network of communiques military documents contemporary art political slogans adversarial blogs and captive media In doing so it provides powerful new insight into contemporary political movements that pose no demands refuse labels and offer no solutions Written to both inspire and provoke A Guerrilla Guide to Refusal urges us to think through the refusal to participate in politics as usual Author Andrew Culp demonstrates how evasion can combatively deny the existing order its power Focusing on punk cinema anarchist pamphlets feminist art projects hacker manifestos and guerrilla manuals he foregrounds invisibility as a novel force of disruption He draws on concepts of criminality fugitivity and anonymity to bring a more nuanced understanding of how power makes things and people visible The book s unique format is that of a theoretical manual comprising freestanding segments instead of blueprints Poised to reach beyond the academy into activist circles this potent theory in action intervention forces us to reconsider the terrain upon which our struggles against patriarchy anti Blackness capitalism and the state operate *Japanese War Crimes and Related Topics: A Guide to Records at the National Archives* United States. National Archives and Records Administration,200? This finding aid will help researchers interested in Japanese war crimes war criminals and war crimes trials to navigate the vast holdings of the U S National Archives and Records Administration at College Park NARA It will also be useful to anyone interested in military

intelligence political diplomatic economic financial social and cultural activities in the Far East during 1931 1951 as well as to those searching for information regarding Allied prisoners of war the organization functions and activities of American and Allied agencies and the Japanese occupation of countries and the American occupation of Japan While not aimed at researchers interested in the strategic and tactical military and naval history of the war in the Far East this finding aid may nevertheless be useful to those with such interests if only to identify record groups and series of records that may bear on those topics This finding aid covers records from over twenty record groups and includes materials declassified under the Japanese Imperial Government Disclosure Act of 2000 P L 106 567 as well as records that were never classified and those declassified before the passage of the Disclosure Act Because the process of identifying declassifying accessioning and processing of records under the Act is taking place as this finding is being compiled late arriving records may not be identified in this finding aid Researchers should consult the IWG Web site <http://www.archives.gov/iwg> for a complete and up to date list of records declassified under the Japanese Imperial Government Disclosure Act Federal agencies involved in the identification and declassification of relevant classified records ascertained that there were relatively few pertinent records that were still classified Most relevant records were either never classified or were declassified decades before the Act and were already in NARA s custody While this finding aid s coverage is broad it is not comprehensive Researchers may find other relevant series of records within the record groups mentioned or not mentioned Researchers are encouraged to use other finding aids and consult with NARA staff to locate records of interest In addition the National Archives at College Park holds nontextual records such as still photographs and motion pictures that researchers may want to examine Other NARA facilities hold many records and donated material related to World War II including records related to the subjects covered in this finding aid This is particularly true of the Franklin D Roosevelt the Harry S Truman and the Dwight D Eisenhower archives as vast mountain ranges of records with the archivists guiding the expeditions Explorations on familiar well trodden paths produce new perspectives when examined with fresh eyes and imagination *Guide to Federal Records in the National Archives of the United States: Record groups 171-515* United States. National Archives and Records Administration,1995

Hope Never to See It Andrew Fialka,2025-03-01 *Hope Never to See It* illustrates two exceptional incidents of occupational and guerrilla violence in Missouri during the American Civil War The first is a Union spy s two week long murder spree targeting civilians and the second is a pro Confederate guerrillas mutilation of almost 150 U S troops The men leading the atrocities Jacob Terman alias Harry Truman and Bloody Bill Anderson weren t so different Both the Union spy and the infamous Confederate guerrilla claimed to be avenging the deaths of their families operated under orders from military officials and were hard drinkers Their acts outline the terror inflicted on both sides of the struggle This book s use of sequential art displays these grisly realities to mute the war s glorification and to help prompt a modern meaningful reconciliation with the war The moral ambiguities contained within this story call into question our understanding of the laws

of war and the ways in which wars end *Guerrilla Prince: The Untold Story Of Fi* Georgie Geyer, 2011-02-01 Based on hundreds of interviews conducted over many years in 28 countries including extensive personal interviews with Castro himself Georgie Anne Geyer reveals the untold story of Fidel Castro in this definitive biography
