**Parallels and Convergences** A. Scott Howe, Richard L. Bushman, 2012-02-28 The earth will eventually be renewed and receive its paradisiacal glory But how will our current world ever become the heaven of our dreams The Lord is already on it and as the essays in this book provocatively propose He is following good engineering principles Joseph Fielding Smith said regarding inventions in these latter days The inspiration of the Lord has gone out and takes hold of the minds of men though they know it not and they are directed by the Lord In this manner he brings them into his service If there is no such thing as immaterial matter and all spirit is matter then what are the implications for such standard theological principles as creation human progression free will transfiguration resurrection and immortality In eleven stimulating essays Mormon engineers probe gospel possibilities and future vistas dealing with

human nature divine progression and the earth's future Richard Bushman poses a vision expanding proposal The end point of engineering knowledge may be divine knowledge Mormon theology permits us to think of God and humans as collaborators in bringing to pass the immortality and eternal life of man Engineers may be preparing the way for humans to act more like gods in managing the world
