Rayna 1 The Norton Sisters Series:

The Norton Sisters E. L. R. Jones, 2013-12-30 *Bedwarmers* It's the name that Rayna chose to call the men that she shared her bed with when the need was too great. It was a safety measure. A person couldn't get their heart shredded if they allowed no one near it. Rayna Norton's sisters and mother were the only ones allowed in her heart. Life was great just the way it was. Her sisters seemed to feel differently. Christopher Leigh is the perfect man to combat and disrupt Rayna's way of thinking. He is a man with a creative mind and a determined heart. He sees Rayna at her sister's restaurant and immediately knows that he needs to have this woman in his life. The artist that he is sees the beauty of the woman she is and the gift of the future they could have. He just has to convince the ever-reluctant attorney that a life shared with him will be one worth her time. Rayna's issues run deeper than Chris and her sisters could ever perceive. Her chosen way of life has more to it than meets the eye. Will Chris be able to get Rayna to see that he is not like the men of her past? Will Rayna lose out on possibly the perfect man for her because of her own stubbornness? Or will her sisters intervene on her behalf yet again? *The Norton Sisters* is a series about six sisters that share the same last name but are six entirely different women. The stories of the six, almost 30 to in their thirties, women will touch your heart and make you laugh out loud. The sisters, by age ranking: Zoie, Wynter, Rayna, Nyema, Lynnina, and Chyra, are there for each other always. It follows the lives of six sisters running their own businesses, falling in love, and dealing with the trials that come. They follow their own little Norton Code. In the end, family means everything, and your sisters hold you up. No matter what may come. **HOT ELABORATE DETAILED SEXUAL SCENES ARE IN THIS BOOK READ AT YOUR OWN RISK** Warning: Readers say scenes in this book made them feel dirty. Guaranteed to make your panties combust.

The Norton Sisters Series, Books 1-3. 5 E. L. R. Jones, 2014-12-29 *A Secret for Christmas* Book 3.5 Chyra is the youngest Norton sister and wears that title like a badge of honor. She has returned to her family, but no one has any idea of what she did while she was away from her family for five years. Christmas dinner with the Nortons is going to be very interesting as secrets begin to be revealed. Zach is at the root of her secret and holder of the heart she fears sharing. What is it that is going to outshine the star on top of the tree? Nyema Book 3 Nyema is the psychologist and single mother of the family. She's helped so many deal with their own problems while harboring some of her own. James has been dealt a devastating blow that he never would have expected. Are these two able to get over their individual issues to open their hearts to love one another? Zoie Book 2 Zoie is owner of her own day care center and is the eldest of her siblings. She has always wanted to be a mother. Tired of waiting for the right guy to come along, she's decided to take matters into her own hands. Victor has been admiring Zoie from afar for a while and has determined that he is finally going to do something about it. Will her desire to have a child destroy her chances at a loving relationship? Rayna Book 1 Rayna is a no-nonsense lawyer and the one sister that states she has no need of a man beyond the title that she's given them: bedwarmers. She is content with her life. Her sisters are not. Chris meets Rayna and sees a woman that he must have in his life. Will her stubbornness prevent her from opening up to a man?

willing to love her Or is there something more preventing her from sharing her heart *Our American Sisters* Jean E. Friedman, William G. Shade, 1982 Sibling Relationships Prophecy Coles, 2018-04-24 For this volume the author has brought together a group of distinguished writers to explore a wide range of issues affecting sibling relationships This exciting collection of papers addresses a long neglected subject in psychoanalytic thinking Since Sigmund Freud psychoanalytic attention has focused firmly on the Oedipal triangle and as a consequence sibling relationships have languished in virtual oblivion In recent years the importance of siblings has started to be investigated but we are still at the beginning of formulating theory on this subject This book raises fascinating issues for therapists who are forging new forms of thought on the interplay of sibling relationships Contributors Leonore Davidoff R D Hinshelwood Vivienne Lewin Juliet Mitchell Elspeth Morley Estelle Roith Margaret Rustin Michael Rustin Jennifer Silverstone Harriet Thistlethwaite and Gary Winship **Sisters and Lovers** Megan Jennaway, 2002-11-19 The Balinese devotion to their temples is both legendary and conspicuous but the ways in which they enshrine their innermost desires have long been hidden This ethnography draws back the veil by focusing on the romantic experiences of women in a rural village Punyanwangi in North Bali from adolescence to maturity Delving into the intensity of passion that exists just below the harmonious veneer of traditional patterns of courtship and marriage motherhood and connubial fidelity this book overturns Margaret Mead's assertions of passivity in Balinese social life Punyanwangi's proximity to a thriving tourist center allows Megan Jennaway to explore as well the striking gender disparities in the ways sexuality and desire are culturally mediated Aside from service work women are excluded from entering the tourist domain yet male sexual adventurism is expected and even encouraged The bodies of foreign women are thus invested with potent fantasies of exotic desire while those of local women are muted denied legitimate avenues of expression The author invokes Post Freudian and feminist concepts of sexuality to explain culturally specific psychiatric disorders to which Balinese women are prone interpreting them as expressions of frustrated desire She thus convincingly reveals Balinese society as anything but unemotional or stagnant Rather it is swept along by currents of emotionally charged desire By allowing key informants to tell their stories in their own voices and by skillfully interweaving fictionalized interludes the author gives us not only a rigorously researched ethnography but an intimate and fully realized portrait of Balinese women's innermost desires **African Pasts, Presents, and Futures** Touria Khannous, 2013-10-17 *African Pasts Presents and Futures* Generational Shifts in African Women's Literature Film and Internet Discourse by Touria Khannous provides a history of African women's cultural production as well as an alternative approach to the arguments that have traditionally dominated post colonial studies in general and African and gender studies in particular It examines some of the more overarching questions that are prevalent in the works of African women authors who position themselves within the contexts of Islam feminism nationalism modernity and global and postcolonial politics thus engaging in the construction of socio political platforms for reform in their home countries The book explores different aspects of women's agency at the

Anglophone African Women's Writing Dobrota Pucherová,2022-07-29 This book re reads the last 60 years of Anglophone African women's writing from a transnational and trans historical feminist perspective rather than postcolonial from which these texts have been traditionally interpreted Such a comparative frame throws into relief patterns across time and space that make it possible to situate this writing as an integral part of women's literary history Revisiting this literature in a comparative context with Western women writers since the 18th century the author highlights how invocations of tradition have been used by patriarchy everywhere to subjugate women the similarities between women's struggles worldwide and the feminist imagination it produced The author argues that in the 21st century African feminism has undergone a major epistemic shift from a culturally exclusive to a relational feminism that conceptualizes African femininity through the risky opening of oneself to otherness transculturation and translation Like Western feminists in the 1960s contemporary African women writers are turning their attention to the female body as the prime site of women's oppression and freedom reframing feminism as a demand for universal human rights and actively shaping global discourses on gender modernity and democracy The book will be of interest to students and researchers of African literature but also feminist literary scholars and comparatists more generally "To Toil the Livelong Day" Carol Groneman,Mary Beth Norton,1987 Papers pres at the 6th Berkshire Conference on Women's History 1984 Ideology and the Formation of Early States ,2023-09-20 Eighteen

Theories of Race and Racism Les Back, John

Solomos, 2000 20 Lola Young **IMPERIAL CULTURE** **Imagining Women's Property in Victorian Fiction** Jill

Rappoport, 2023 Imagining Women's Property in Victorian Fiction reframes how we think about Victorian women's changing economic rights and their representation in nineteenth century novels The reform of married women's property law between 1856 and 1882 constituted one of the largest economic transformations England had ever seen as well as one of its most significant challenges to family traditions By the end of this period women who had once lost their common law property rights to their husbands reclaimed their own assets regained economic agency and forever altered the legal and theoretical nature of wedlock by doing so Yet in literary accounts reforms were neither as decisive as the law implied nor limited to marriage Legal rights frequently clashed with other family claims and the reallocation of wealth affected far more than spouses or the marital state Competition between wives and children is just one of many ways in which Victorian fiction suggests the perceived benefits and threats of property reform In nineteenth century fiction portrayals of women's claims to ownership provide insight into the social networks forged through property transactions and also offer a lens to examine a wide range of other social matters including testamentary practices wills and copyright law economic and evolutionary models of mutuality the twin dangers of greed and generosity inheritance and custody rights the economic ramifications of loyalty and family obligation and the legacy of nineteenth century economic practices for women today Understanding the reform of married women's property as both an ideologically and materially substantial redistribution of the nation's wealth as well as one complicated by competing cultural traditions this book explores the widespread ways in which women's financial agency was imagined by fiction that engages with but also diverges from the law in accounts of economic choices and transactions Repeatedly narratives by Austen Dickens Gaskell Trollope Eliot and Oliphant suggest both that the law is inadequate to account for the way that property enables and disrupts relationships and that the form of the Victorian novel in its ability to track intimate and intricate exchanges across generations is better suited to such tasks

True Sisterhood Marilyn F. Motz, 1984-06-30 Home and family for a woman of the nineteenth century represented a sphere much broader than the term implies today A woman's duties as sister and daughter continued basically unchanged even after she had assumed the roles of wife and mother This created a female centered kin network which went far beyond the fragile nuclear family and which insured lifelong security in what men and women viewed as an essentially hostile world The female family is vividly portrayed in *True Sisterhood* where Marilyn Ferris Motz examines the lives of white Protestant native born American women living in Michigan between 1820 and 1920 and the kinship networks to which they belonged networks that often extended east to New England and the Middle Atlantic states and westward as far as California The University of Michigan's Bentley Library collections of the correspondence diaries photographs and other documents of numerous family groups have provided the primary resources for this study of thirty extended families Focusing on personal interaction within the family Motz shows women playing an active role that is not suggested by observation of residence patterns household composition or legal distribution of authority The book reveals women's use of language to maintain personal relationships to persuade and manipulate and to obtain support Thus the power base of the woman her informal networks based on personal interaction persuasion and sense of obligation become visible *True Sisterhood* shows that women's influence was not merely a fabrication of the literature of what has come to be termed the cult of domesticity but was a reality within many nineteenth century homes
