Afraid of closing That is an understatement I used to talk with prospects on and on and on afraid to close I thought if I kept the conversation going long enough they would eventually volunteer their yes decision Of course that never happened So in my lifelong quest to avoid rejection I had to find new and effective closes that work Here are 46 years worth of our best closes All of these closes are kind and comfortable for prospects and rejection free for us Here are just a few of the closes you will learn and love The million dollar close Managing the decision making funnel Having prospects close themselves Removing risk and uncertainty Making objection solving easy in seconds And of course many strategies to quickly remove the I need to think it over objection Old school closing is old news In today s world prospects are over exposed to marketing and are sales resistant Use these closes to help our prospects move forward and say yes to our offers Not every close is perfect for every prospect We want a variety of closes Let s choose which close is best for our prospects and most natural for us Never be afraid of closing again In fact we will look forward to closing Happy times ahead Scroll up now and get your copy
