The Search for the Beautiful Woman Kyō Chō, 2012 For centuries Japanese culture including ideals of feminine beauty was profoundly shaped by China In this first full comparative history on the subject Cho Kyo explores changing standards of beauty in China and Japan ranging from plumpness to bound feet to blackened teeth Drawing on a rich array of sources gathered over a decade of research he considers which Chinese representations were rejected or accepted and transformed in Japan He then traces the introduction of Western aesthetics into Japan starting in the Meiji era leading to slowly developing but radical changes in the repres Searching for the Jaguar Carlota Lindsay, 2001-12-10 Searching for the Jaguar This romantic thriller is set against the background of the lush Amazonian jungle and the violent streets of a North American city A young American couple seek adventure and fulfillment in Brazil's exotic mixture of peoples and religions The characters are protagonists in a mural of interrelated events that cross social economic and national boundaries The reality within which the events occur overwhelms the individual characters and takes away their ability to comprehend their destinies Five lives intertwine in a game of life and death Hank the idealist caught in a web of intrigue power and cocaine trafficking Deb the dedicated nurse who discovers real love in a foreboding setting Steve the serious lawyer struggling with his emotional conflict between duty and passion Darryl the ex con misfit prone to explode in a blasphemous rage of jealousy and resentment Scott the young invalid who suddenly comes of age when murder and violence shatters the security of his life Each one of them driven by inner passions brings mystery and depth to a story that connects the reader to a world of rich lyrical and philosophical implications The story related by Scott sets out to reconstruct the lives of the protagonists with whatever information he can collect from diaries letters interviews personal observation and even his own imagination He senses only dimly the multiple forces at play which are presented with an underlying surrealistic humor that gives the narrative shape and depth He fits together the many puzzling pieces which he can neither explain nor justify and in the

process begins to set his own life in order Like the phoenix that rises from its ashes Scott transcends his suffering and creates a new dimension of living as he recreates the old A surreal humor underlies this compelling story about love transformation death and survival Superbly crafted lyrically written LETTER TO THE READER OF SEARCHING FOR THE JAGUAR BY CARLOTA LINDSAY You may have noticed that part of my dedication is addressed to you the reader and to your imagination and sense of humor This is because a novel is fiction and becomes real only through the active participation of your creative self It is in this way that you are as much the author of Searching for the Jaguar as I am This is where a novel differs from a movie In the latter the viewer receives lots of information visually without much participatory effort In the modern novel the reader has to reconstitute the whole from information about its parts This activity is closer to the one we perform in real life in order to understand ourselves and what our true role is I want to mention also that a novel takes place in a time and space that for a few hours becomes your own and where the characters reveal themselves and unveil their unique function in the dimension of the novel that you help create How much you learn about them or understand them is up to you What about the characters They are not presented but rather present themselves by what they say what they do and how they regard and are regarded by each other that is they are discovered existentially The reader learns about them gradually much as it is in real life the original perception is constantly evolving By observing the characters actions and hearing their words the reader ends up with more insight into their situation than the characters themselves do The characters are searching not only within the dimension of the novel but beyond it in the imagination of the reader In a sense they escape the novel and walk into the readers consciousness where they help him probe his own self They have already escaped into mine where they are searching for a continuity I did not know was there In that sense they are searching like Pirandello's characters for an author From the beginning the

Satyendra Sonkar,2017-01-15 The author s first girlfriend nature is the first part of the book He is explaining the beauty of nature The beauty of nature is too beautiful and is never understood by the stupid humans Nature is being polluted by human beings Too much increase of the earth s temperature is a very critical situation for human beings The ice glaciers are melting due to global warming Forests rivers and seas are destroyed by humans alone The beautiful nature is weeping many times but nature can get angry and destroy everything in a second The author warns us that it may be 2099 and the entire country may be covered by sea or big earthquakes may occur These predictions have been made by some scientists In modern times love and humanity are dying Nature is weeping and upset while the humans are fighting each other The conditions are not good for surviving on the earth His philosophy is to change the human nature and love the beautiful nature The best and most beautiful things in the world cannot be seen or even touched they must be felt with the heart In the second part of the book the name of the story is Anunnaki They came from heaven It deals with the real story of human life in the 5000 BC how human race came on earth The author also tries to explain why the Anunnaki is disappeared This story is too mysterious The history of science and technology and philosophy are used in his books The Anunnaki came to earth and they spread more knowledge science and technology and provided good culture The humans gained too much from them The Anunnaki had long wings and flew in the sky The Anunnaki is the most thrilling topic The new SUPERHERO COMES IN INDIA IT MAY BE 2099 WHEN THE ANUNNAKI COMES BACK TO EARTH

Osho,2002-01-23 India is not just a geography or history It is not only a nation a country a mere piece of land It is something more it is a metaphor poetry something invisible but very tangible It is vibrating with certain energy fields that no other country can claim For almost ten thousand years thousands of people have reached to the ultimate explosion of consciousness Their vibration is still alive their impact is in the very air you just need a certain perceptivity a certain capacity to receive the invisible that surrounds this strange land It is strange because it has renounced everything for a single search the search for the truth In these pages we are treated to a spellbinding vision of what Osho calls the real India the India that has given birth to enlightened mystics and master musicians to the inspired poetry of the Upanishads and the breathtaking architecture of the Taj Mahal We travel through the landscape of India s golden past with Alexander the Great and meet the strange people he met along the way We are given a front row seat in the proceedings of the legendary court of the Moghul Emperor Akbar and an insider s view of the assemblies of Gautama the Buddha and his disciples In the process we discover just what it is about India that has made it a magnet for seekers for centuries and the importance of India s unique contribution to our human search for truth
