The American Pocket Watch Christopher S. Barrow,2014 From a pocket watch expert a guide specifically on the intricacies of American models Many people have inherited an American pocket watch that sits gathering dust in a drawer but they often only need a really good cleaning and some minor repairs to get them working again Now this concise and beautifully illustrated step by step guide to the intricacies of American models will allow the enthusiastic amateur to rescue an old watch and perhaps pass it on to the next generation in full working order American machine made pocket watches first appeared in the 1850s and were so well made that by the 1890s they had come to dominate the international watch market The secret of their success was the range of standard sizes and readily interchangeable parts plus the facility

to be easily customized to suit the pocket pun intended of every purchaser so that the man who could only afford the nickel case could be as confident as the wealthy one who chose the solid gold case that his timepiece was accurate and reliable These very popular watches sold in their millions and have stood the test of time pun also intended so that they are still readily available
