INTRODUCTION 1 1 1 Purpose This chapter provides a general history of the development of military diving operations 1 1 2

Scope This chapter outlines the hard work and dedication of a number of individuals who were pioneers in the development of diving technology As with any endeavor it is important to build on the discoveries of our predecessors and not repeat

mistakes of the past 1 1 3 **Role of the U S Navy** The U S Navy is a leader in the development of modern diving and underwater operations The general requirements of national defense and the specific requirements of underwater

reconnaissance demolition ordnance disposal construction ship maintenance search rescue and salvage operations

repeatedly give impetus to training and development Navy diving is no longer limited to tactical combat operations wartime salvage and submarine sinkings Fleet diving has become increasingly important and diversified since World War II A major

part of the diving mission is inspecting and repairing naval vessels to minimize downtime and the need for dry docking Other aspects of fleet diving include recovering practice and research torpedoes installing and repairing underwater electronic

arrays underwater construction and locating and recovering downed aircraft
