Focus on the Family with Dr. James C. Dobson ,1999 Progressive Sexuality Education Mary Lou

Rasmussen,2015-10-05 This book engages contemporary debates about the notion of secularism outside of the field of education in order to consider how secularism shapes the formation of progressive sexuality education Focusing on the US Canada Ireland Aotearoa New Zealand and Australia this text considers the affinities prejudices and attachments of scholars who advocate secular worldviews in the context of sexuality education and some of the consequences that ensue from these ways of seeing This study identifies and interrogates how secularism infuses progressive sexuality education It asks readers to consider their own investments in particular ways of thinking and researching in the field of sexuality education and to think about how these investments have developed and how they shape existing discourses within the field of sexuality education It hones in on how progressive sexuality education has come to develop in the way that it has and how this relates to conceits of secularism This book prompts a consideration of how progressive scholarship and practice might get in the way of meaningful conversations with students teachers and peers who think differently about the field of sexuality education

Breaking the Silence Ellen Grünkemeier,2013 South Africa is one of the countries in the world most affected by HIV AIDS and yet until recently the epidemic was barely visible in South African literature Much can be gained from approaching the South African epidemic through creative texts such as novels photographs films cartoons and murals because they produce and circulate meanings of HIV AIDS and its various facets such as its origin transmission routes and

physical manifestations Other aspects explored are the denial of HIV AIDS its stigmatisation discriminatory practices modes of disclosure access to anti retroviral medication as well as the role of alternative treatment Creative texts which are open to different and possibly contradictory readings can serve as a starting point to increase the cultural visibility of the virus and to challenge dominant ideas about the epidemic The cultural constructions of HIV AIDS should be carefully examined because the meanings are pervasive and have very real consequences they play a powerful role both in determining which issues receive attention and in shaping public understanding of the virus *Help! The Family as a Focus of Correctional Intervention Charles H. King,1967 Corrections must look to the family as a resource for making a substantial impact upon delinquency The family is the primary and most important source of socialization for children It must bring their behavior into line with the prevailing mode of living in order to keep them in society and protect society from antisocial behavior There is substantial evidence that many serious crimes are directly related to deficiencies in family structure and organization If corrections is given the charge of rehabilitation and prevention families can be involved and preventive inroads can be made in the problem of delinquency

commit to celebrating each other's successes rather than expending time and energy tearing them down A Brief History of the Samurai Jonathan Clements, 2013-02-07 Clements has a knack for writing suspenseful sure-footed conflict scenes. His recounting of the Korean invasion led by samurai and daimyo Toyotomi Hideyoshi reads like a thriller. If you're looking for a samurai primer, Clements' guide will keep you on the hook. Japan Times reviewed it as part of an Essential Reading for Japanophiles series. From a leading expert in Japanese history, this is one of the first full histories of the art and culture of the Samurai warrior. The Samurai emerged as a warrior caste in Medieval Japan and would have a powerful influence on the history and culture of the country for the next 500 years. Clements also looks at the Samurai wars that tore Japan apart in the 17th and 18th centuries and how the caste was finally demolished in the advent of the mechanized world.
