## TEACH US HOW!

Write a procedural piece that teaches your readers how to do a winter activity.

Time is really fun. If you live in a place with snow, rocks and a carrot. First you need a handful of snow & pat it into a small ball & stick together. Second, you roll the ball and so that it gathers more snow. Keep rolling until the ball is 3 to 4 feet around. Third, roll 2 to make two more snowballs smaller than the other. Fourth, place one ball on top of the first. Then add rocks to form the eyes and a carrot for the nose. Now you know how to make snowballs. How fun!
