Procreate for Ipad's 2022 Christopher Parker, 2022. If you are still wondering why Procreate is so popular, one of the answers is the Apple Pencil. The precision and convenience of the Apple Pencil is part of the artistic experience of this app, which has always been designed with the iPad in mind. When you open Procreate, the first thing you'll see is the splash screen where you can see all the projects you've created previously. If using the application for the first time, you will see two example projects that come with the program. You can delete, duplicate, or share these designs by swiping the image to the left. Procreate is a very intuitive application which makes for ease of use for beginners and experienced designers.
