Samsung Pest Analysis:

Samsung's international strategy. An Analysis Fei Ying, 2016-08-25 Essay from the year 2016 in the subject Business economics Offline Marketing and Online Marketing course international business language English abstract Samsung Group is a giant multinational enterprise composed of more than thirty affiliated corporations in various industries Samsung Group is acting a significant of roles including supplier designer engineer and producer etc As a global conglomerate Samsung has achieved a great success in both domestic and foreign markets Samsung mobile business has contributed enormously to the whole company providing mobile phones that satisfy consumers needs Samsung maintain the first position with innovated products such as the Galaxy S5 Galaxy Note 4 and Galaxy Note edge across the whole mobile and smartphone markets in the world in 2014 A closer look will be taken on Samsung s mobile communications business As Samsung intends to expand global footprint international business strategy would be adopted inevitably by the company The purpose of this paper is to exam a case of Samsung Mobile and explores how the environment impacts on Samsung s international strategy by using appropriate strategic tools

Basic Strategy in Context Neil Thomson, Charles Baden-Fuller, 2010-06-01 Basic Strategy in Context centres on real world firms and managers by giving each chapter s cases a higher weighting in importance and explanation than is normal Given this emphasis on real world as opposed to theoretical treatment the book enables the solving of practical business problems like those below This emphasis on reality is cemented by the book s treatment of diversity as being the norm highlighted through European business cases from different countries Giving example answers and links from case to theory rams home further the expected usefulness of the book to students about to enter industry Often theory and cases are treated as different and separated topics we believe that our integrated didactic treatment is quite unique Finally we use the basic theories of strategy and then show how these mainly simple concepts can be extended to solve tricky business problems anywhere in any industry Here is a sample of specific practical problems to which this book can show solutions Why are resources important and how are they leveraged Using the case of a British failure Railtrack we show the fatal consequences of neglecting existing resources and then in a completely different country and industry Carlo Gavazzi Space in Italy how resources can be utilised from outside the firm to achieve leverage Given our emphasis on diversity we highlight successful change in a foreign and inflexible environment Japan and Carlos Ghosn But can change be planned Sometimes events or luck sabotage the best intentions as shown in the Samsung case The book differentiates itself from the competition in four ways Cases form the highlight of the book Taking European and some international cases as the starting point the objective is to link themes or topics to a description of their effect on the firm The linkage will occur at the relevant point in the case not in a separate section or in another book The author team has used several longitudinal cases spread over a 15 20 year period The longitudinal cases are supported by some new non longitudinal cases selected from award winning cases associated with the LRP Journal and the Gate2Growth Academic Network We feel such an emphasis on

cases is a novel feature The theory is explained using a range of modern didactic methods not usually found in competitive offerings Examples include colour coded and highlighted links from the theory to the case questions inside each theory section with model answers and unanswered questions to test the student s grasp of the concepts The book features a mixture of cases from short specific to academically challenging ones Too often superficial cases are placed at the end of chapters in strategy theory books They are picked to emphasize the topics of the preceding chapters The result is spoon feeding with little need or motivation to provoke individual thought or learning The cases in this book are comprehensive approximately 20 pages in length with ample quantitative and qualitative data thus forcing a modicum of effort from the student Shorter cases are also included for ease of understanding and instructor flexibility Another differentiating feature is the emphasis on diversity hence the use of European as opposed to US based cases

Understanding Strategic Management Anthony Henry, 2008 This succinct textbook takes students through the key stages of Strategic Management Analysis Formulation and Implementation with an emphasis on providing students with the essential tools of analysis It is a student friendly introduction to the subject packed with real life examples which clearly illustrate complex theoretical concepts

Strategic Management Sushil, Sanjay Dhir, 2024-09-25 This book emphasizes the concepts of strategic innovation and entrepreneurship which are quite prevalent in today s organizations Going beyond traditional approach that follows strategic analysis choice and implementation framework and traditional theories based on industrial organization paradigm and resource based view the book considers current business environment which is volatile uncertain complex chaotic conflicting and ambiguous VUCA It takes the strategic flexibility view to cope with these strategic challenges The book introduces the subject matter of strategic management in retrospect and prospect highlighting critical theories of strategic management It uses a strategic learning framework rather than a purely analytical approach to dynamically learn about the external situation internal resources and capabilities The evolution of strategy is given in terms of generic strategies in practice and adaptation in specific contexts It further deals with essential topics such as strategic alliances and networks mergers and acquisitions and global strategy It then provides the execution framework and models covering restructuring leadership corporate governance and change management The strategy in specific areas such as strategic technology management e business and knowledge management and functional strategies and policies are discussed to understand the implementation depth Finally it touches upon contemporary issues such as sustainable enterprise stakeholder perspectives and comparative strategies in various contexts It then outlines future directions of strategic management In the end case analysis guidelines are provided with sample cases from different parts of the world The book also used interpretive and simulation methods such as system dynamics and total interpretive structural modeling to grasp the relationships and their dynamic impact provided throughout the book It will be an invaluable resource for researchers of business strategy as well as students studying these courses it will also be useful for industry practitioners corporates and business policy makers

International Business, International Adaptation Shad Morris, James Oldroyd, 2023 With the incisive and comprehensive exploration of international business in the modern world in this edition of International Business an accomplished team of educators and business practitioners delivers a revitalized approach to the discipline that brings international business to life This edition of the book includes one of a kind chapters on sustainability poverty and innovation as well as explorations of the COVID 19 pandemic and its effects on commerce the business implications of social and civic justice race and inequality debates and new case studies including one on equity diversity and inclusion at Microsoft The book efficiently prepares students for the global economy and transforms the authors impressive international experience at multinational corporations into an indispensable pedagogical resource This international adaptation further strengthens the bond between the readers and the contemporary world of international business through the introduction of new case studies caselets illustrations and exhibits related to India Australia bilateral trade association solar mamas of Sudan evolution of Islamic banking in Tanzania McDonald s kosher menu in Israel and so on It takes us through the emerging factors affecting the international business such as digital transformation and global supply chain strategies post COVID 19 Critical thinking questions added at the end of each chapter will encourage the students to think analytically and delve deeper into the topic
