**Moon Men Return** Scott Carmichael, 2010-05-15 This book documents the role played by USS Hornet CVS 12 in the recovery of the Apollo 11 Command Module after its splashdown in the Pacific Ocean on 24 July 1969. The book covers a period of time leading up to the recovery of Apollo 11 from approximately 5 June 24 July 1969 during which crewmen of USS Hornet plus specialized NASA and DoD spaceflight recovery units prepared for the recovery operation. It offers a detailed account of those preparations drawn from both historical records and the personal memories of 80 men who served on board USS Hornet and directly participated in the recovery operation. The purpose of this book is to document for future generations the Navy's role in the successful final phase of the historic flight of Apollo 11, the manned spaceflight which culminated in man's first walk upon another celestial body, the moon.

**Dynamics of Sanctions in World Affairs** Jafar Raza Bilgrami, 2004. The existing literature on sanctions consists of either case studies which deal with the particular issues associated with the selected states or articles of the journals which plead predominantly the case of sanction imposing states or newspaper write-ups and editorial comments which analyse the current situation. There is no book on sanctions as such. An attempt has been made in this book to cover up all the selective aspects of the existing literature on sanctions. It discusses concepts, issues, dilemmas, paradox, theories, perspectives of sender and target states as allies and as adversaries, the goals, the objectives, the quantum of success and failure or effectiveness and ineffectiveness. These crucial issue areas of sanctions run in fact like a common thread through all the following chapters: 1. The Humanitarian Intervention Sanction Fixation 2. Sanction Paradox 3. Theories of Sanctions 4. South Korea and North Korea 5. Iran and Iraq 6. India and Pakistan 7. UN Sanction 8. Conclusion. Thus the book takes the comprehensive view of sanctions and in this respect out of the existing literature of exclusive nature it endeavours to develop the inclusive dimension. As such it is hoped that the readers shall have all aspects of sanctions in a single volume not easily available elsewhere.

**Salty Dips Volume 11** Naval Association of Canada - Ottawa Branch, 2021-11-09. Among sailors to spin a dip means to tell a story. The Naval Association of Canada Ottawa Branch's Salty Dips series carries on this tradition by collecting entertaining and informative stories about the Canadian Navy as it is remembered by those who have served in its ranks. As they began conceiving this eleventh volume of the Salty Dips series, the authors agreed that the Navy from which they retired was different from the Navy that they joined. Thus this volume charts the social changes in the Royal Canadian Navy and Canadian Navy since the 1950s. In doing so, some things pass, some things change. Some just stay the same, bringing the past a bit closer to the present by reminding us of the journey that brought us here. This compendium of stories, musings, recollections, and observations gets to the heart of what it means to serve one's country and spend one's life at sea. These Old Salts tell some incredible tales, admit to humorous pranks, and catalogue important historical moments from a personal perspective, including reminiscences of the first female officers to serve at sea.
