Searching God Is Here Evidence Of God S Presence:

Searching? God Is Here! Pamela Hoffman, 2014-12-03 Whether new to walking with God or someone who has done so for many years you will likely reach a point when you crave a deeper relationship with God the Father Looking at available literature may make this seem to be a daunting task Though it should be done seriously and with dedication discovering a deeper relationship with God does not have to be overwhelming Searching God Is Here Evidence of God's Presence can help you on your path In this eight week study author Pamela Hoffman uses lessons from the Bible and discussion guestions to help you discover your unique place in God's family She uses personal testimonies of the Trinity's presence in her life to provide evidence of God's presence in the world and in your life And you will learn how to apply God's promises and lead a full prayerful life Christians have personal responsibilities in this familial relationship with God Time is short for God's family to finish His work here on earth and you are being called to action Searching God Is Here Evidence of God's Presence shows you how to meet your responsibility In Search of Revival Abelicio Goncalves, 2024-10-23 In Search of Revival written by Abel cio Gon alves is a deep and inspiring guide for those who desire to experience true revival in their Christian journey The book explores the biblical and historical foundations of great revivals such as the Protestant Reformation and the Azusa Street Revival and offers a reflection on how these experiences of spiritual renewal can impact both personal and community Seeking God's Face Notto R. Thelle, 2008 Is it possible to find God beyond the distorted images and empty words Can we even speak about God at all The author claims that it is more important than ever to look for a truer image of God A person who seeks God s face will be compelled at the same time to seek his or her own face Conversely those seeking to find themselves are often compelled to search for God The book describes faith as a spacious landscape in which one can breathe freely and engages the rich imagery of the Bible to help the individual breathe freely and find orientation without feeling imprisoned This openness and freedom are to be found in the Gospel itself says the author They were lived by the Master himself who portrayed the face of God by meeting human beings where they actually were not where they ought to In Search of the Universal God. Vijay Atawane, 2014-08-05 My God is better than your God Debate settled The have been my God versus your God battle has consumed millions of lives over many centuries Will there ever be a day when Jews Christians Muslims and Hindus worship a single God In Search of the Universal God is a step by step guide to discover such a God within our own religion It attempts to resolve global religious conflicts and unite humankind into a single brotherhood This book takes you on a journey of discovery and helps find answers to questions like 1 What is the definitive way to resolve religious conflicts and end the violence and bloodshed 2 Why are there so many different religions and so many different Gods 3 Does God really discriminate against followers of any religion 4 What happens to people who do not follow our religion 5 Who are the chosen people of God 6 What is the purpose of our life 7 Why are old languages dying Hebrew Aramaic Sanskrit Greek and Latin when the races who spoke these languages still survive Walker Percy's Search for

Community John F. Desmond, 2004 In this criticism of Percy John F Desmond traces the writer s enduring concerns with community These concerns Desmond argues were grounded in the realism of such Scholastics as Aquinas and Duns Scotus

Search for Meaning David Birnbaum, Martin S. Cohen, The Book of Deuteronomy depicts Moses addressing Israel before hisown death as he imagines that some day in the future children willask their parents to explain the meaning of the testimonies statutes and judgments Deuteronomy 6 20 that are the foundation of the covenant that binds Israel to its God He thus frames in specifically Jewish terms the same set of haunting intimations that all thoughtful people bring to the contemplation of their own lives and indeed to life itself the sense that being alive can or should mean morethan merely not being dead that the contemplation of even the mostbanal features of daily life can yield rich insight about the nature of existence and the feeling that life itself can be understood as a kind of scrim that might allow us to see through it to the secrets andmysteries that lie beyond That set of hopeful suppositions inspires moderns just as stronglyand enticingly as it did the ancients Yet the specific question of whatit actually means for this or that part of life to mean anything at allother than what it overtly is or at least appears to be does not seem to have exerted anywhere near as siren a call on our ancient forebearsas it does on us moderns Still as we seek meaning in the world and our lives it behooves us to ponder the meaning of meaning as well These twin notions that life has meaning beyond what the Martin S Cohencasual observer can see easily and that the effort to uncover anddecipher that meaning can be profound enough to be spiritually transformational have animated the contributors to this volume astheir work demonstrates just how meaningful the search for meaningcan be Some have approached this from a spiritual point of view grounding themselves in traditional biblical talmudic or mystical sources Others have framed their efforts in political terms or in deeplypersonal ones And still others have attempted to consider the issuethrough the lens of modern philosophical inquiry But regardless ofthe specific perspective of any individual author all have in commonthe deep seated conviction that life bears meaning and that that meaning can best be discovered not by spending a lifetime hoping formomentary satori but rather by standing on the shoulders of fellowtravelers from earlier eras and from that slightly elevated vantagepoint seeing just a bit further than they could or did For almost allof our authors then the search for meaning is best understood as anon going intergenerational effort that links the seekers of all agesto each other through the contemplation of earlier efforts to mineprofundity and significance from the quarry of human life itself It is at best a slow march forward As readers will see from the Table of Contents the ancient Bookof Kohelet has served several of our authors as the framework for their interpretive work Kohelet is the Hebrew name of the biblical bookalso known as Ecclesiastes which name is derived from the Greektranslation of the work Others have chosen to grapple with thequestion Moses imagined future Jewish children eventually putting to their parents as they wondered what the commandments actually mean in terms of the larger picture of Israelite culture and Jewishlife in our own day Still others have addressed the search for meaningin life today by taking into account the question of human suffering considering the issue both generally as a

philosophical challenge and Prefacemore specifically with reference to the Shoah Taken all together the contributors to this volume have put forththe notion that life is ennobled not trivialized by the contemplative effort to seek meaning in the ebb and flow of life s experiences and particularly in those life experiences related to the service of God And yet for all they are united in that conviction our authors in this volume of the Mesorah Matrix series are nonetheless a diverse group older and younger women and men North Americans and Israelisliving at home and abroad seasoned scholars and newly mintedrabbis and teachers They are teachers and researchers trained indifferent schools of thought and affiliated with different movements and institutions within the mosaic of Jewish life that characterizes the House of Israel as it enters by its own reckoning the final quarter of the fifty eighth century They are a varied lot our authors But inmany ways they are are all of them cut from the same cloth Our authors work with the original sources and generally present them in their own translations Citations of NJPS refer to the complete translation of Scripture first published under the title Tanakh The Holy Scriptures by the Jewish Publication Society in Philadelphia in 1985 In this volume as in all books in the Mesorah Matrix series the four letter name of God is generally represented by the Eternal or Eternal God Authors who are specifically discussing the actual four letter name on the other hand mayoccasionally depart from this usage in order to more clearly makethe point of their argument I would like to take this opportunity to acknowledge the othersenior editors of the Mesorah Matrix series David Birnbaum and Rabbi Benjamin Blech as well as Rabbi Saul J Berman our associateed tor They and our able staff have all supported me as I ve laboredto bring this volume to fruition and I am grateful to them all As always I must also express my gratitude to the men and Martin S Cohenwomen and particularly to the lay leadership of the synagogueI serve as rabbi the Shelter Rock Jewish Center in Roslyn NewYork Possessed of the unwavering conviction that their rabbi s bookprojects are part and parcel of his service to them and throughthem to the larger community of those interested in learning about Judaism through the medium of the well written word they are remarkably supportive of my literary efforts as author and editor Iam in their debt and I am therefore very pleased to acknowledgethat debt formally here and wherever I publish my own work or thework of others At Home with God: Here and Now Lee Adams Young, 2000-05-25 From biblical times through the Middle Ages and the Reformation the Christian religion enjoyed a sturdy belief in God consistent with human knowledge of the universe But modern science then introduced a new picture of this world at odds not only with the old world picture but with the miracle working God of ancient Scripture Of the many different responses to this conflict three stand out i To deny the religious view of God and the world orii To deny many solid findings of generations of scientists concerning the evolution of stars the Earth and life oriii To deny little yet to affirm little in religionto repeat ancient rituals without serious conviction Lee Adams Young a physicist and Bible scholar claims to replace this chaos with an orderly view of God and the worldin only 437 pages He makes three main points 1 The Bible consistently but falsely split the world into two separate realms Heaven and Earth God rarely or neverleft his celestial throne room to visit the Earth The steeples of traditional churches pointed

toward this Sky God and the Lord's Prayer still speaks of a Father in Heaven The result has been a disconnect between God and the believera chasm bridged only by armies of angels and other intermediaries or via long distance calls The solution according to At Home with God Here and Now is to proclaim as does science that there is only one realm of reality God should be seen as dwelling in this world says Youngindeed within each of us available for direct communication and personal support Prayer should take the form of face to face communication with a person no farther away than the other end of a park bench 2 The Bible consistently and correctly insists upon the inseparability of the human body and soul So does Aristotle and the latest Catholic Catechism Alas in postbiblical times many Jews and Christians have come to believe that at death the human soul could detach itself from the body and ascend to Heaven Young responds as follows a If there is no Heaven the latter step has no meaning We are face to face with God now in this life Because we already live in a sacred world one need not die in order to reach the divine b The notion of a soul that can function independently of bodily support goes against ancient and modern awareness of the influence of bodily conditions on thinking and memory c Near death experiences NDEs are reports from the living not from those who died Medical research shows that NDEs are triggered not by the objective peril of death but by the subjective fear of death d Human faith in an afterlife can blunt the human need to put interpersonal relationships in order in this life We must mend our personal fences nowthere is no second chance as the Hebrew Bible says 3 The God depicted in Young s book is entirely consistent with modern science That God is seen as the essential governor of nature whose regularities people depend on and science describes This book is recommended to all who seek a religious faith based on reality not makebelieve a faith grounded in ancient wisdom yet believable in this modern age
