A Guide to Romantic Love: the Romantic Character and the Romantic Tradition Ariana Gonzalez Hernandez, 2018-02-17

Romantic love is something that is actually a product of a romantic culture. It is a product of its traditions and of the character of those who subscribe to its values. In this comprehensive guide you will not only learn about the romantic character and the traditions that enable you to cultivate romantic love in your life; you will also learn about the culture itself as well as its history, enabling you to develop a profound understanding and appreciation for this culture and the unique type of relationship that it yields. This guide isn't just about creating romantic relationships or about culture. It is about self-improvement, about building character, about potential, and about becoming complete in the process. Since our relationships are a reflection of who we are, then the improvement of our relationships naturally begins with the improvement of ourselves. Peoples of the romantic culture have captured the hearts of the world for centuries. Their enigmatic ways provoke fascination and curiosity among those foreign to their cultures. The mystery of their enigmatic ways is solved once and for all by providing you with a window into their seemingly magical world. At the same time you will learn how to take part in their culture in order to create your own enigmatic persona and your own magical and truly romantic and loving relationships.
