[The Complete Classical Music Guide](#) DK, 2020-08-11. What makes Mozart's music so great? Why does a minor chord sound sad and a major chord sound happy? What's the difference between opera and operetta? From Bach to Bernstein this definitive guide offers a complete survey of the history of classical music. Whether you already love classical music or you're just beginning to explore it, The Complete Classical Music Guide invites you to discover the spirituality of Byrd's masses, the awesome power of Handel's Messiah and the wonders of Wagner's operas as well as hundreds of more composers and their masterpieces. This guide takes you on a journey through more than 1,000 years charting the evolution of musical instruments, styles and genres. Biographies of major and lesser known composers offer rich insights into their music and the historical and cultural contexts that influenced their genius. The book explores the features that defined each musical era from the ornate brilliance of the Baroque through the drama of Romantic music to contemporary genres such as minimalism and electronic music. Timelines, quotes and color photographs give a voice to this music and the exceptionally gifted individuals who created it.

A Companion Guide to The Gospel of Thomas Christine Folan, 2024-03-26. The ultimate guide to understanding the 114 sacred texts known as The Gospel of Thomas, revealing ancient Christian teachings and allowing for deep self reflection and introspection. Discovered in 1945 in Egypt but likely dating back to around 150-200 AD, the Gospel of Thomas is a collection of codices, each containing an affirmation or advice. Academic discourse has plagued the Gospel's modern existence, especially in relation to its English translation. Resultantly, a number of densely unintelligible translations have been produced which use heavy ecclesiastical language and a biblical approach, obscuring the meaning of the text to laypeople. Now Christine Folan provides a revolutionary approach, unpicking the Gospel's complexities and providing a sensitive and effective way of understanding and seeing the hidden yet deeply profound secrets of this ancient text. Folan's companion guide provides excerpts from the text alongside her own visceral and deep rooted interpretations which will enlighten readers to the endless potential which can be gleaned from the Gospel. Guiding the reader with clarity and conviction, The Companion Guide to The Gospel of Thomas provides a way for readers to use the Gospel as a vessel for

introspection allowing them to search deep within themselves for their own unique truth and meaning The book contains real life case studies of people whose lives have been drastically changed by the teachings of the Gospel as well as suggested further reading for each chapter The Companion Guide to The Gospel of Thomas is a manual for the practical application of spiritual principles challenging readers not only to make sense of this ancient text in their own unique way but also to live its message to make profound change in their day to day lives
